# The Arcane Files

---

Before we even get into anything, I just need to make one thing clear. This has nothing to do with feelings of bitterness regarding my removal from AL. This is something that has been in the making since as far back as March of 2025. I was hoping that I'd never have to make this document, as I myself absolutely hate conflict of any kind, but as a result of the recent grooming allegations leveled towards me, I have no choice but to speak out on the matter.

Let me get one thing out of the way right now. I never groomed Alex, period. I have absolutely no desire or hatred in my heart to emotionally manipulate or exploit someone in a manner similar to how I was by my mother. It was a very horrifying and traumatic experience and I wouldn't wish it upon my worst enemy.

That being said, I obviously need to substantiate my claims, otherwise I would just come off as someone trying to do damage control, rather than acquit themselves of something they didn't do. And over the course of the next ___ odd pages, I intend to go into as much detail as I can, explaining the following:

- The fact that I did NOT groom Alex, with a large amount of evidence backing said claim.

- An insight into the staff team, their biases, and all of the frankly abhorrent shit that they've been up to behind the scenes.

- A possible reason as to why these events transpired in the first place. Linked together by a very strong chain of evidence.

- A personal testimony towards the events that followed the original claims.

Before we get started though I do want to give out a bit of a content warning…

**THIS DOCUMENT CONTAINS VERY SERIOUS TOPICS AS FOLLOWS:**

**- Child abuse**
**- Pedophilia**
**- Sexual Assault**
**- Suicide**
**- Domestic Battery**
**- Exploitation**
**- Corruption**
**- Manipulation**

**If any of these topics disturb or trigger you in any way, I suggest sitting this one out, unless you are confident that you are in the proper state of mind to handle this. I hold absolutely no responsibility towards any possible damage to your mental or physical wellbeing if you decide to continue reading this.**

***Going forward ANY further attempts to defame my character, affect my quality of life, contact my employer, or to harass me and my friends or family will be dealt with accordingly, with up to, but not limited to criminal prosecution.***

**Remember that the actions that you take online can have real world consequences, and that the people you interact with online are real people too. The things you say and do can lead to injury or damage to actual people's lives offline. You should treat the people you meet online with the same civility and respect the same way you would treat a person in a face-to-face conversation.**

**Several individuals in the document will have their names censored or redacted in order to maintain their privacy and security; and to prevent any damage that would be caused to their character or life as a result of their involvement with this situation.**

One more thing I would like to add is that Nile, and all of the developers from AL have absolutely nothing to do with this. The amount of respect I have for Nile cannot be understated, especially in regards to how he handled this situation. Nile, while he doesn't usually make the best calls when it comes to business, has his heart in the right place, and genuinely cares about the wellbeing and safety of the people he works with.

The Claims made here will mostly be made towards a few select individuals on the team, who have far more power and influence than they have any right to.

And one last thing, please **DON’T GO HARASSING ALEX**. It won’t solve anything. What's already done is done; bugging him isn’t going to undo any of the damage that's been done to me. The best thing all of us can do is leave him alone, he has his own life and doesn’t want to be bothered with this anymore.

# Genesis

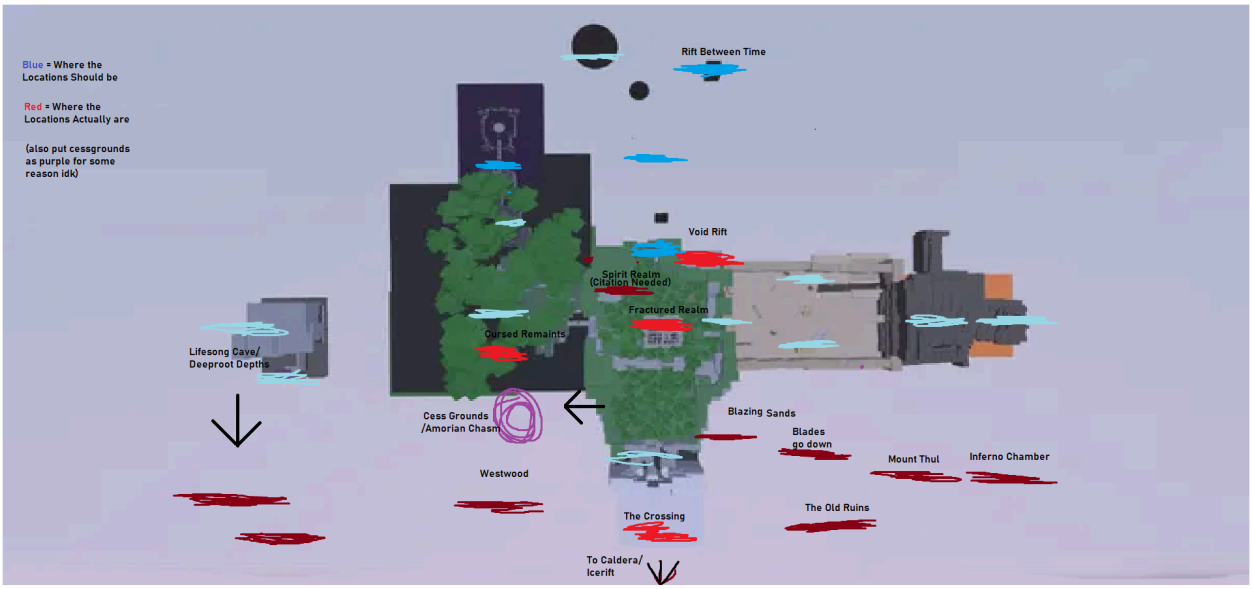
# Section 1.1 - Genesis

---

Alex and I first met on October 17th, 2024, when he reached out to me asking about a doors tournament that I had requested to host. He offered a suggestion, and later coordinated the event, along with me and another one of my friends. The relationship was strictly professional at the time, but later developed into a friendship after the event had concluded.

During this event, one of the games selected was a game by the name of Arcane Lineage, the one you're all familiar with. In preparation for the event, I was forced into getting the Petent mark, in order to access fast travel points for the contestants to help speed up the grind. After the event was over, I had started leveling up my mark, before wiping to upgrade the tier, and shortly after the game had been shut down by one of the developers by accident, breaking many things, one of which including the area triggers.

Not wanting to have to accept that I wouldn't be able to get the mark, me and Alex decided to spend months cauldron hopping around the map, in order to get the locations for the map. After which, we got in a call with another friend of ours and started plotting out the locations on the now infamous "Petent Map"

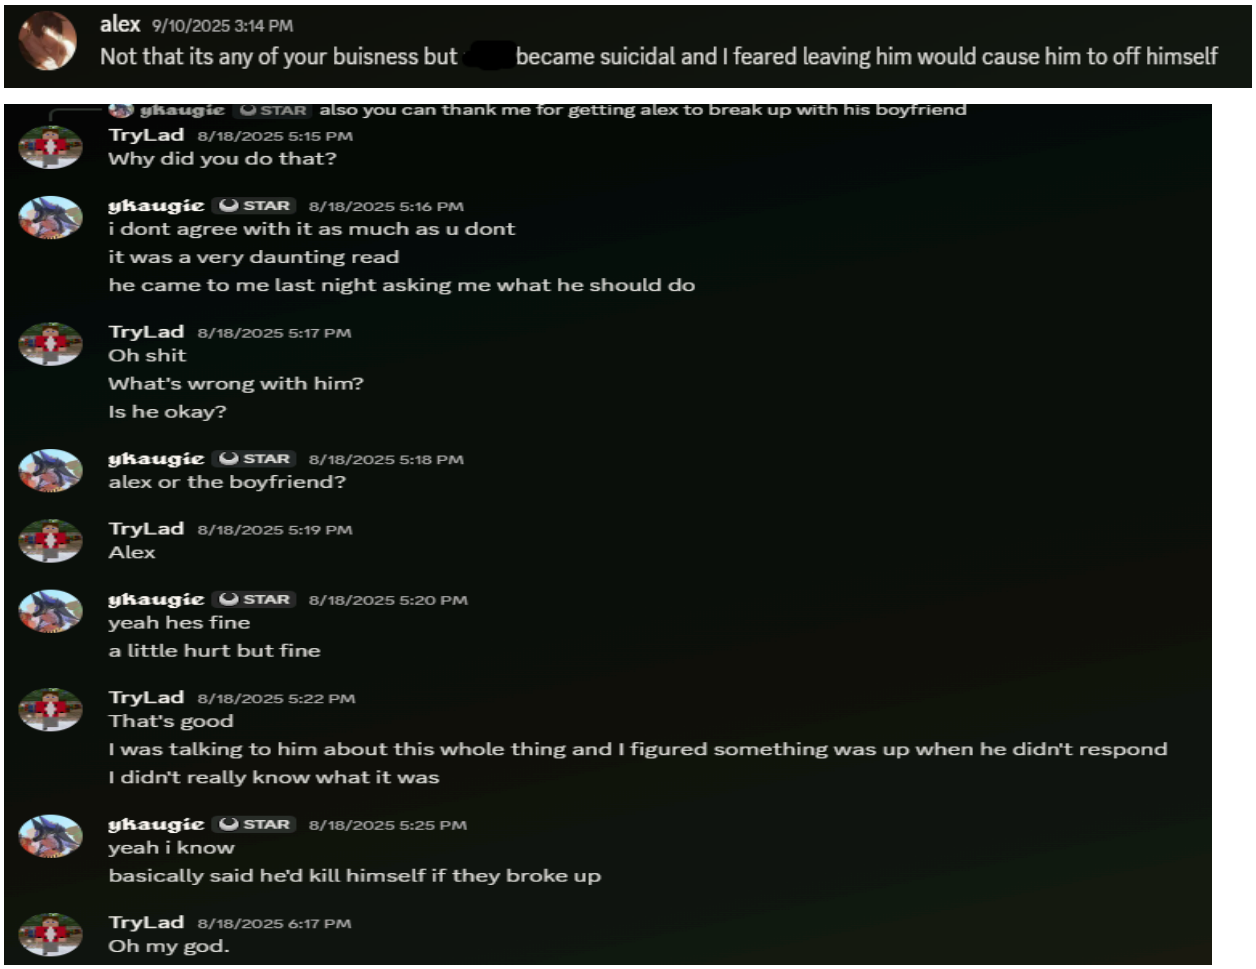


After which, we found Augie on a call one morning, showed him the map, and the rest was history.

Alex and I always got along very well, and we trusted each other a great deal. We'd spend hours a day just hanging out, playing games and having a good time. Talking about random stuff, about life struggles and everything in between. I'd help him with his issues in regards to his issues, most notably with his relationships. As such he'd help me with my issues, helping navigate my own personal struggles and the like.

This continued for a very long time, all the way until the inciting incident, the genesis, if you will of this whole encounter.

You see, Alex encountered a very odd individual, a person whom I will be keeping anonymous to protect their identity and safety. And this individual was…weird. Over the course of their relationship they would say and do things that were very manipulative and downright degrading. One Major example would be how this individual threatened to take his own life if Alex tried to leave him, a detail I figured out from Augie out of all people.



alex 9/10/2025 3:14 PM
Not that its any of your buisness but [redacted] became suicidal and I feared leaving him would cause him to off himself
ykaugie STAR also you can thank me for getting alex to break up with his boyfriend

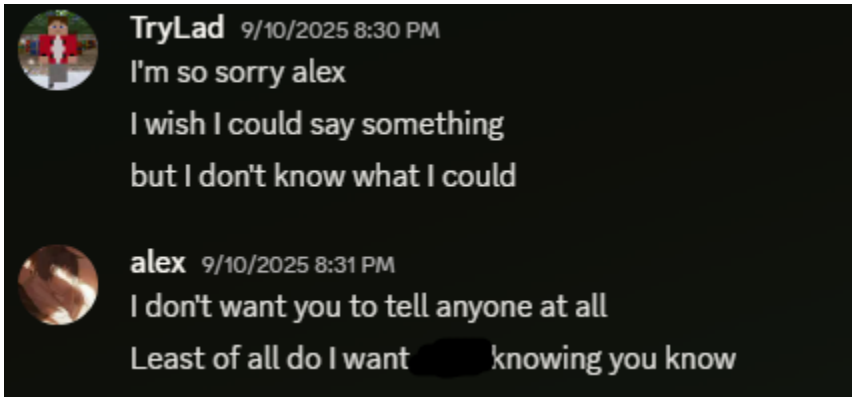
I didn't really know what it was
ykaugie STAR 8/18/2025 5:25 PM
yeah i know
basically said he'd kill himself if they broke up
TryLad 8/18/2025 6:17 PM
Oh my god.

He was weird, plain and simple, even before any of this came out, I had picked up on the signs of this individual being a really weird person. I found out he was active in a bunch of weird online e-dating servers, he was 20 while Alex was 17, they got into a relationship on the same day of meeting etc. As a matter of fact, when I joined one of these servers, I got messaged by two separate porn bots, they had public e-dating/cuddle stages. It was really odd stuff.

This individual was also allegedly actively cheating on Alex throughout their relationship, however short lived it may have been. The individual allegedly tried to kill themselves, the details of which I will be refraining from telling you as I was explicitly asked not to share them by Alex.



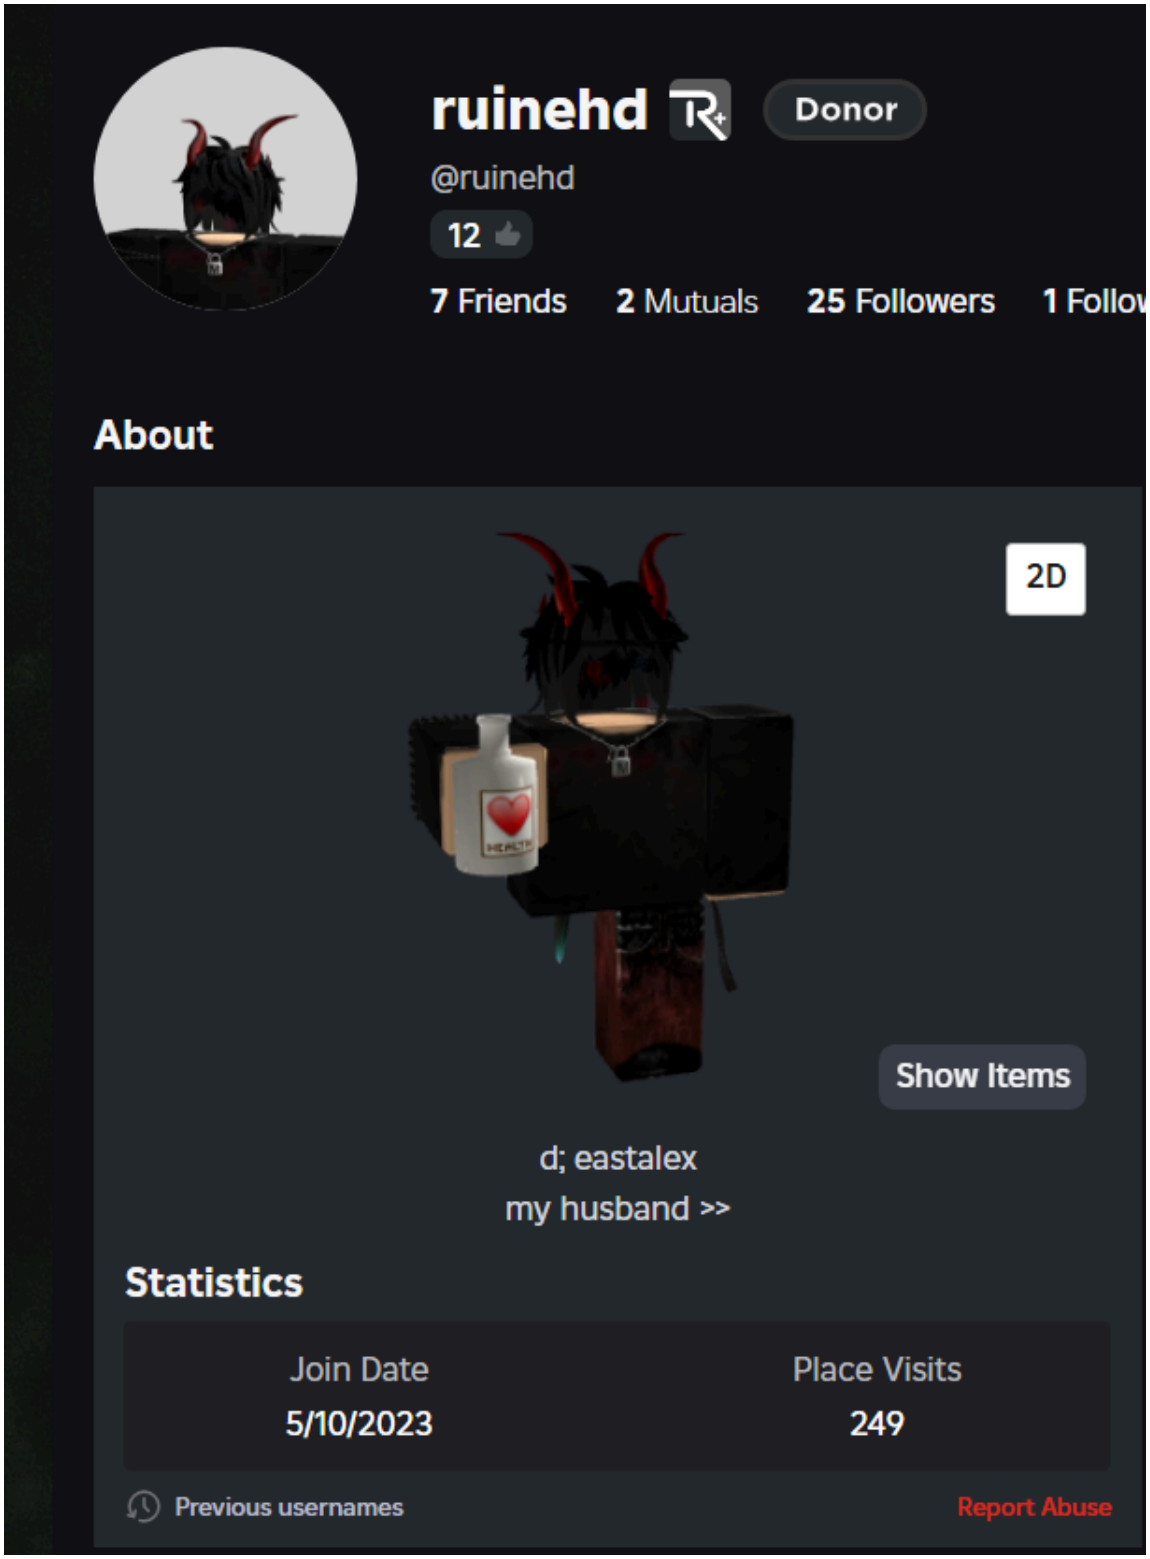
TryLad 9/10/2025 8:30 PM
I'm so sorry alex
I wish I could say something
but I don't know what I could
alex 9/10/2025 8:31 PM
I don't want you to tell anyone at all
Least of all do I want [redacted] knowing you know

Alex figures it out and is rightfully distressed and heartbroken. He actually came to ME, the “alleged groomer” when he found out about it, which goes to show how much he trusted me, and STILL does to this day.

At the time however, none of this was known to Alex, however with the signs presented to me, I felt like I had to do something. Because as I have mentioned before, Alex didn’t know the kind of person he was at the time. I suppose I can’t blame him, when people are very manipulative to you like that, it’s really hard to know it unless you have lived experience with it, ESPECIALLY if it's someone you care about like that.

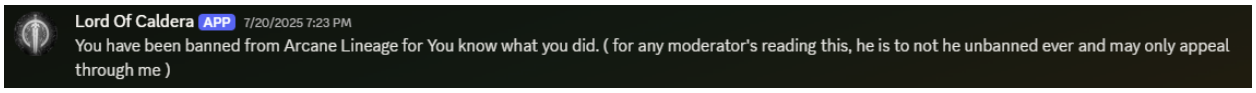
He had also been acting very weird at the time, even before I confessed to him, he wasn’t himself. He was dodging all of my questions and trying to distance himself from all but one of his friends.
So I did what I thought was right at the time, I pried. I must admit that I definitely went too far with it, I was far too adamant about getting answers right then and there, since I myself knew where it was headed. I also refused to speak to him directly about the situation, because it was around this time that I myself had ended up confessing to Alex about how I felt. So rather than getting more information and speaking with someone

more knowledgeable about the situation, I panicked, and this panic led to desperation when he blocked me on all platforms, and updated his Roblox bio to imply they were getting married.



Now if I had looked into this more, I would have probably seen that it was just a thing that he put there to be nice. However you have to put yourself in my headspace for a minute. I had assumed I had just lost my best friend, I knew he was being groomed, and that was a person that I HAD feelings for AND confessed to not too long ago. As a matter of fact, the reason I was so afraid to talk to him, is because I was afraid that he'd assume it was me being jealous (which he did at the time).

And with no one else to turn to, I decided to reach out to Augie as he was the only person I knew who could actually do something about this, as he was the only person I knew of who still had contact with him, who wasn't exactly biased. However, as you'll come to find out he REALLY didn't like me, and Alex was VERY pissed at me as he assumed I was trying to destroy his relationship out of jealousy. This in turn, created the perfect shitstorm where Alex ended up saying shit to Augie about what happened, and in turn Augie used this as an opportunity to ban me, with no reason stated in the list apart from "you know what you did".



Lord Of Caldera APP 7/20/2025 7:23 PM
You have been banned from Arcane Lineage for You know what you did. ( for any moderator's reading this, he is to not he unbanned ever and may only appeal through me )

Around an hour after this I was contacted by Alex's boyfriend. This conversation both confirmed my suspicions about him, while also making me question everything at once. Because while he was a defensive asshole, he also did state that I really ended up hurting Alex by not reaching out to him first, and going complete maverick on. I never brought the concerns I had with his relationship to him, and instead told everyone EXCEPT him. Naturally after this, his first thought was that I was indeed just jealous and wanted to destroy his relationship. While this isn't true, it's very easy to see why someone would think like this.

Imagine this, your friend who you had known for a year, ends up telling you that they have a crush on you, you tell them you're not interested, and the second they figure out you're in a relationship, not even 24 hours later you get a message saying that this individual called your partner a groomer. It's not hard to see why he reacted this way, and was the main reason I didn't want to speak to him about this. I didn't want to start any drama, I was genuinely fearing for his own safety, but knowing that I, again, had just confessed to him, talking to him directly was sure to blow up in my face.

Ironically enough, it was talking to Augie that blew up in my face, because as we've already discussed, it basically set into motion this whole chain of events. A chain of events that will be discussed very thoroughly.

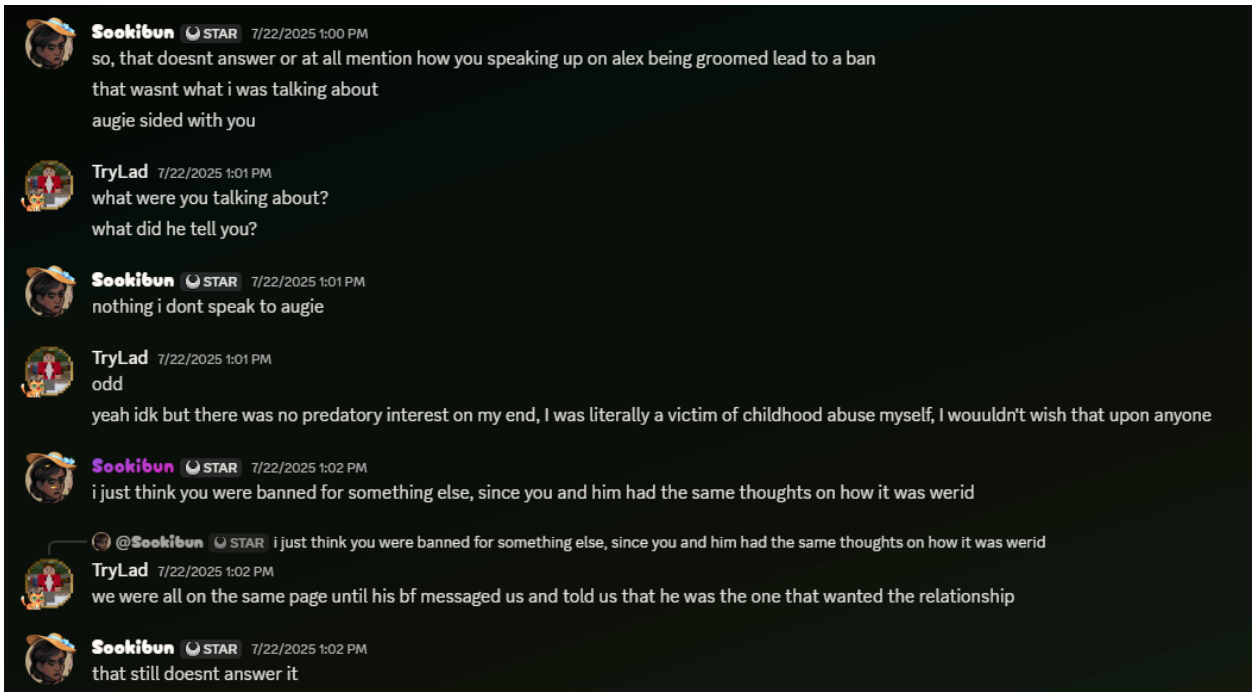
# Unwilling Ignorance

# Section 1.2 - Unwilling Ignorance

---

At first, I had zero clue exactly why I had been removed. I knew it had something to do with what had happened the night before, but apart from that I didn't have much to work off of. I was honestly willing to sit down and accept the ban, not really trying to fight it at all. I had assumed that the ban was over the fact that I didn't really listen to Alex and ended up "slandering" his partner at the time. If that was the case, I wouldn't even be writing this right now.

A few days went by and one day I got a message from someone in the Pebble Works Discord server that goes by the name of "Sookibun" or "Sooki" for short. In this message, they really grilled me for something I didn't know about at the time. They specifically mentioned how "I was banned for something else"

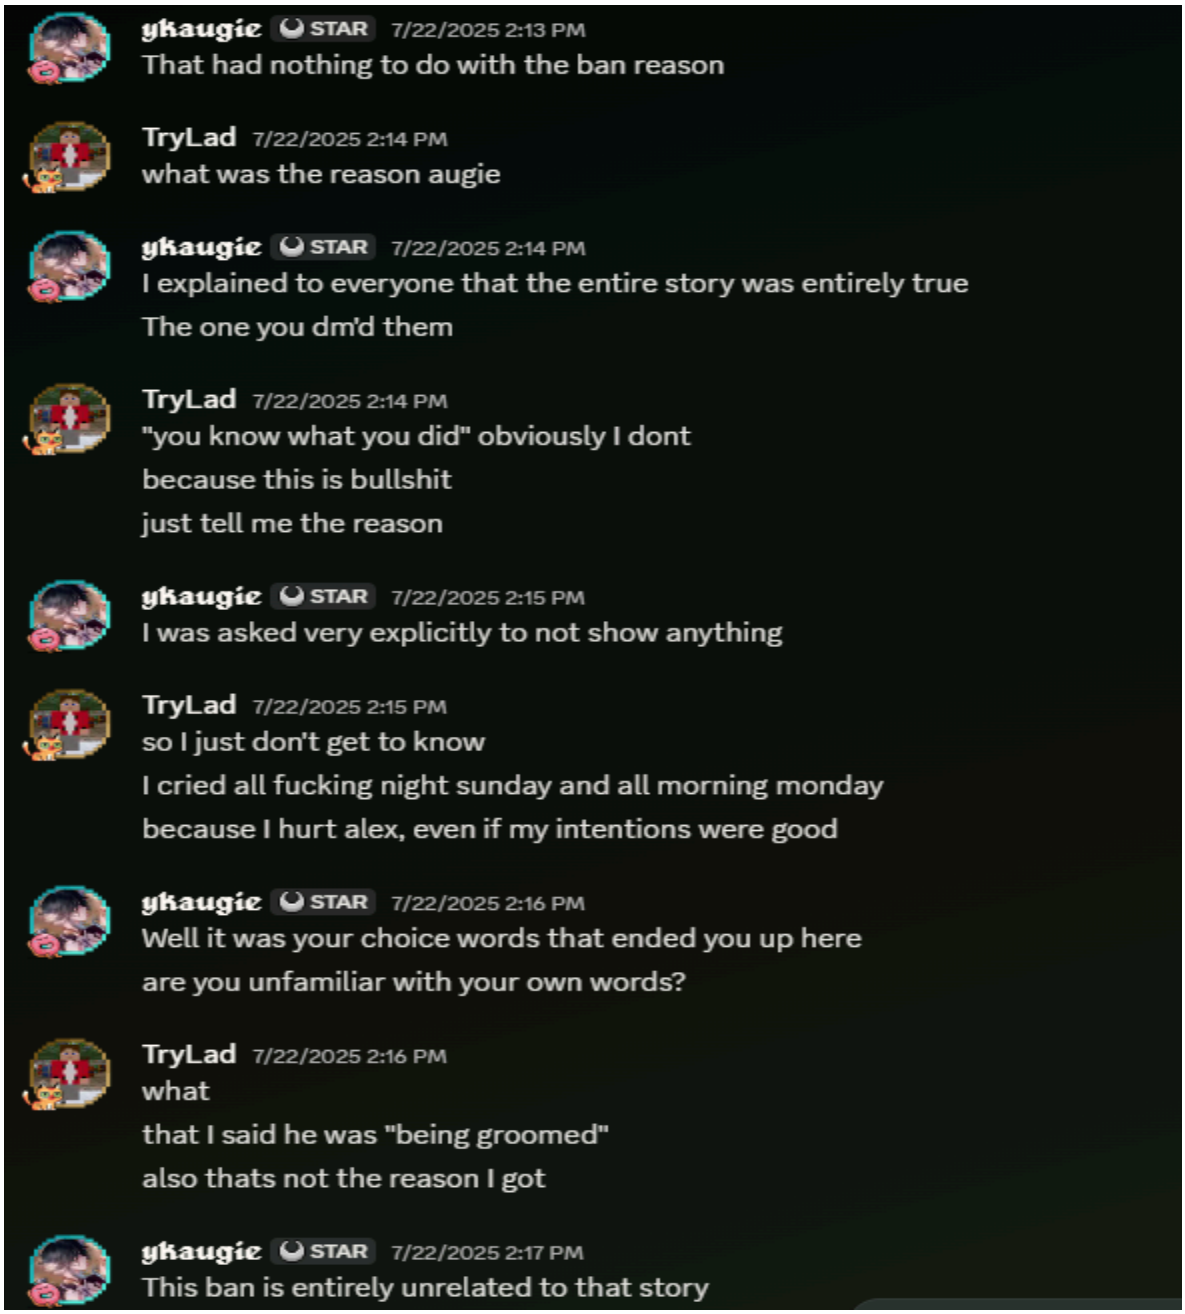


Sookibun STAR 7/22/2025 1:00 PM
so, that doesnt answer or at all mention how you speaking up on alex being groomed lead to a ban
that wasnt what i was talking about
augie sided with you
TryLad 7/22/2025 1:01 PM
what were you talking about?
what did he tell you?
Sookibun STAR 7/22/2025 1:01 PM
nothing i dont speak to augie
TryLad 7/22/2025 1:01 PM
odd
yeah idk but there was no predatory interest on my end, I was literally a victim of childhood abuse myself, I wouuldn't wish that upon anyone
Sookibun STAR 7/22/2025 1:02 PM
i just think you were banned for something else, since you and him had the same thoughts on how it was werid
@Sookibun STAR i just think you were banned for something else, since you and him had the same thoughts on how it was werid
TryLad 7/22/2025 1:02 PM
we were all on the same page until his bf messaged us and told us that he was the one that wanted the relationship
Sookibun STAR 7/22/2025 1:02 PM
that still doesnt answer it

Now it's worth noting that Sooki has kinda just hated me for absolutely no reason since the day I spawned in. They also were being very vague, kind of implying that they knew something I didn't, but they never stated anything else so I had to go with what they gave me. However, I wasn't exactly inclined to believe everything they told me, especially since they've always been an ass around me. So in an attempt to find more answers about this, I ended up reaching out to Augie directly.

It’s also probably worth noting that I actually tried reaching out to him the day that I was banned, but he had strangely blocked me for no reason whatsoever, only unblocking me shortly after this encounter, which is a bit odd when you start to take into account the context of what I’ll be discussing later on.

Anyways I reached out to Augie, and the conversation started off in a very similar manner to how my conversation with sooki had started off: very vague, little details etc.



ykaugie STAR 7/22/2025 2:13 PM
That had nothing to do with the ban reason
TryLad 7/22/2025 2:14 PM
what was the reason augie
ykaugie STAR 7/22/2025 2:14 PM

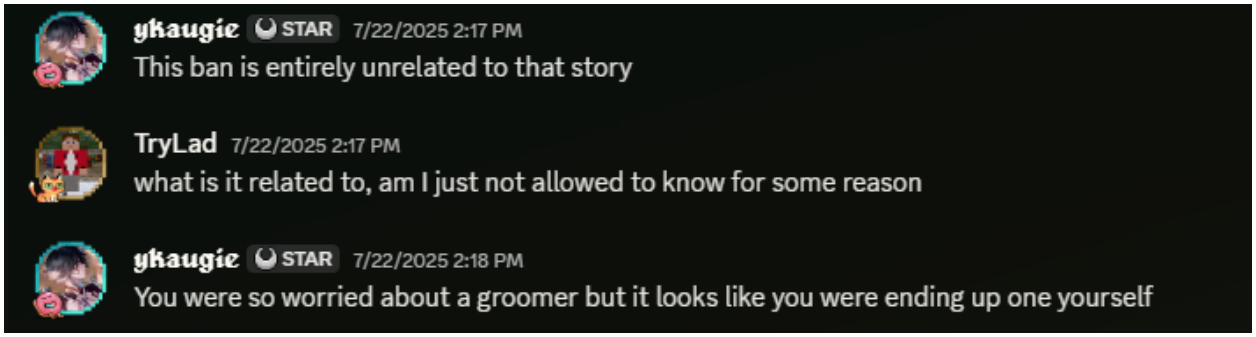
TryLad 7/22/2025 2:16 PM
what
that I said he was "being groomed"
also thats not the reason I got
ykaugie STAR 7/22/2025 2:17 PM
This ban is entirely unrelated to that story

However, things take a turn when he finally tells me the reason is that “...you had ended up becoming a groomer yourself”



ykaugie STAR 7/22/2025 2:17 PM
This ban is entirely unrelated to that story
TryLad 7/22/2025 2:17 PM
what is it related to, am I just not allowed to know for some reason
ykaugie STAR 7/22/2025 2:18 PM
You were so worried about a groomer but it looks like you were ending up one yourself

Now this being obviously untrue, I was naturally pissed about it, so I called him out, and his responses were…not great to say the least.

He said that “everyone agreed with me” when just about every single person I messaged had told me they either lied to him or just flat out did not agree with a single word that he had said.

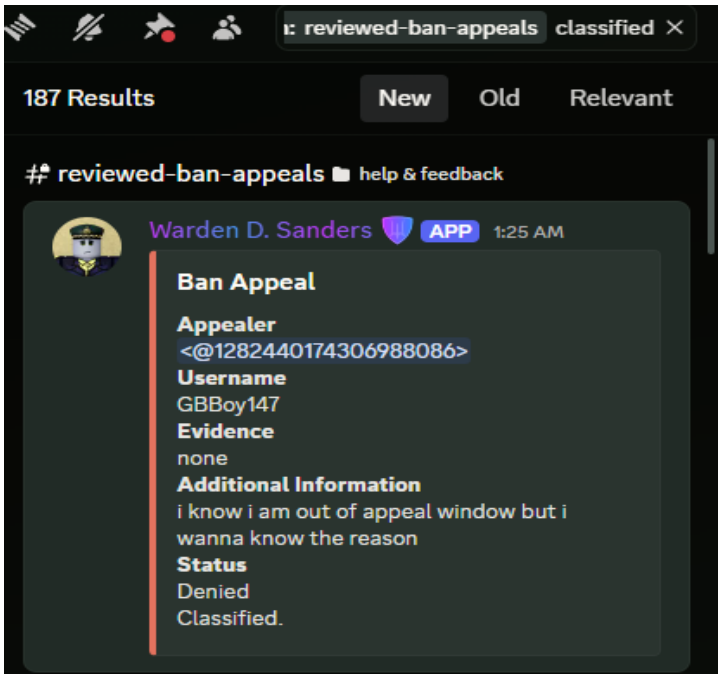
Im sure deep mods will also agree with me

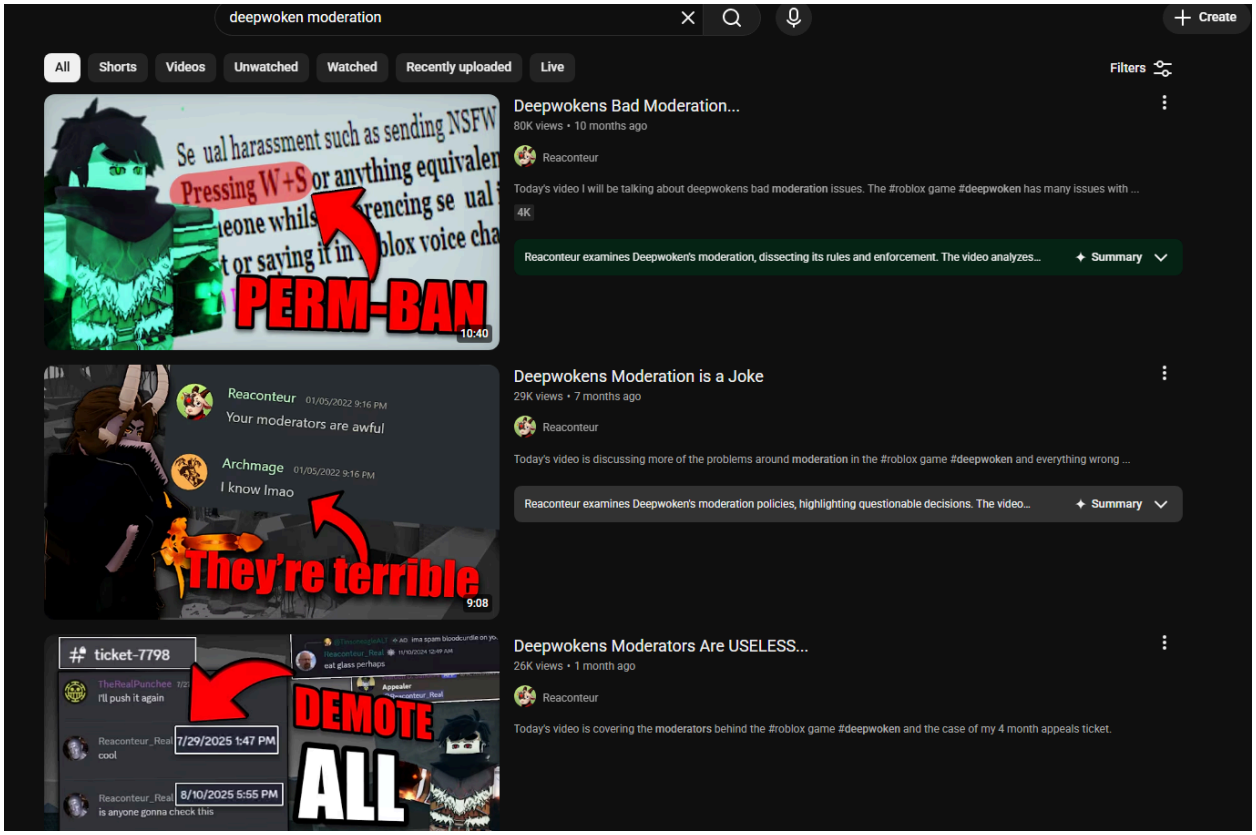
For context, if you don’t know about Deepwoken and how its moderation works, it has got to be some of the weirdest bullshit I have ever seen out of any game period, and this is coming from the guy that mained Roblox Bedwars for 3 YEARS.

Deepwoken mods will frequently just ban you without appeal, for something as simple as having bad ping and getting clipped by someone. You can’t appeal this ban, unless you’ve been recording your screen non-stop 3 minutes back for like every session you play. They will also frequently hand out “your ban is classified” as a reason, not too dissimilar to what Augie did in relation to my bad. (as of me writing this section, the most recent classified ban happened just around TWELVE HOURS AGO)



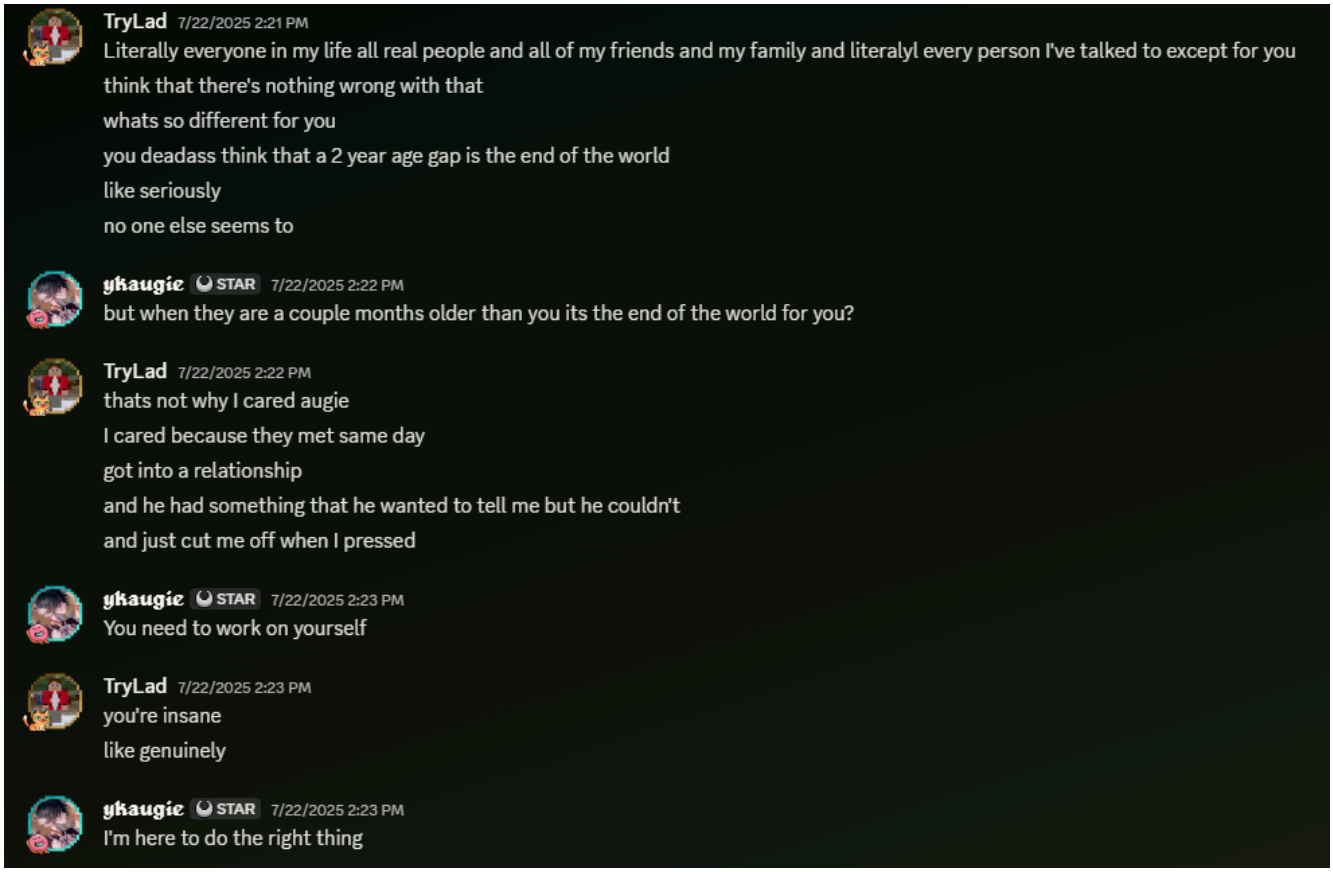
Deepwoken mods are also notorious for being and defending ACTUAL pedophiles on their team that frequently go after and chase minors, which is kinda ironic that you say that they would back you up for your take when they LITERALLY do it themselves.

As a matter of fact, the deepwoken moderation team is so unbelievably corrupt, that you can literally type in “deepwoken moderation” in the youtube search bar, and be given hundreds if not THOUSANDS of videos going into detailed explanations and personal stories about how bad this team is.



And that fact that he felt the need to bring up how this joke of a moderation team would defend his decision is really not a great look, especially in regards to the severity of the action you were claiming I committed.

I then proceeded to explain to him that I wasn’t grooming Alex, the age gap was negligible and that this decision seemed to be out of pure bias, but it all fell on deaf ears, and he honestly seemed to be making a joke out of the situation. He gave simple one word responses like: “you need to work on yourself” and “I’m here to do the right thing”. Constantly needing to reaffirm that he’s actually not wrong, and the decision he’s making is objectively correct.



TryLad 7/22/2025 2:21 PM
Literally everyone in my life all real people and all of my friends and my family and literalyl every person I've talked to except for you think that there's nothing wrong with that

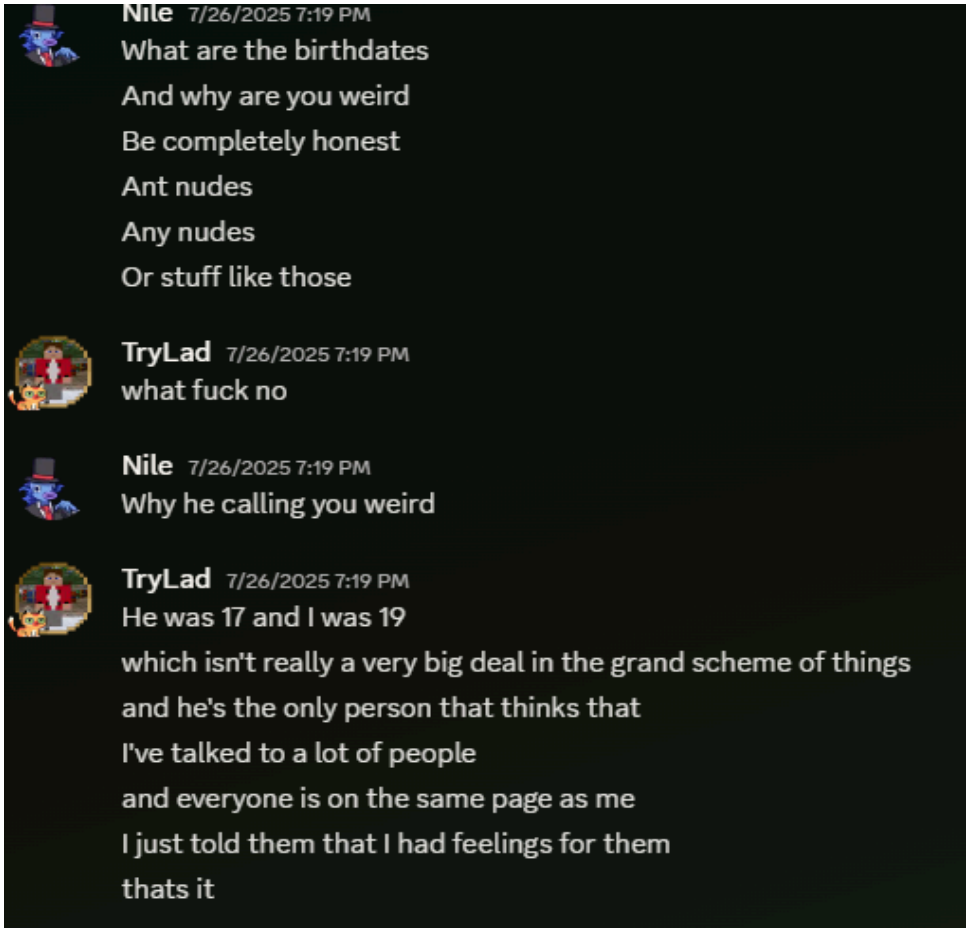
I'm here to do the right thing

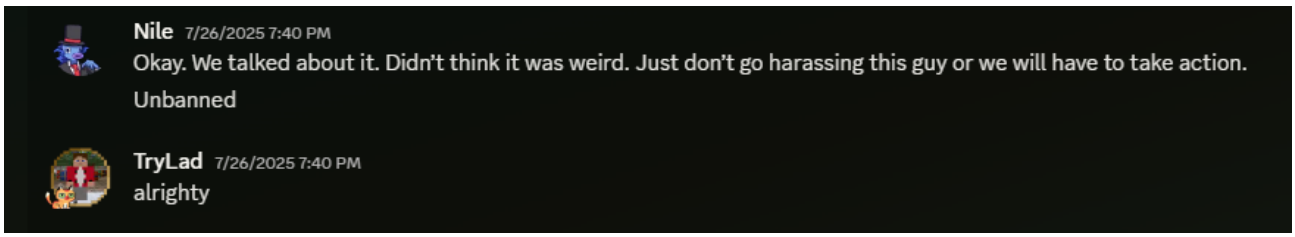
This response was littered with passive-aggression, he refused to give any evidence to me to back up his claims and tried to remain vague and dismiss everything I've said to him. We still to this day don't know exactly what happened during this conversation between him and Alex. As we'll soon see much later on however, this is one of the first signs that something wasn't quite right when it came to this ban.

Naturally, knowing that Augie was basically the second in command only to Nile, the owner of the game, I had to reach out to him in regards to this. Because for whatever god forsaken reason, not even the developers can do anything to this guy without his express permission. So I shoot him a DM explaining the situation, and a few days later I get shot back with a response from him. He asked the questions you would in regards to a situation like this, were there nudes, what were the ages, etc. I told him the same story I had told to everyone since figuring this out. Alex and I had been friends for around a year, I confessed my feelings to him, I was 19 he was 17.



Nile 7/26/2025 7:19 PM
What are the birthdates
And why are you weird
Be completely honest
Ant nudes
Any nudes
Or stuff like those
TryLad 7/26/2025 7:19 PM
what fuck no
Nile 7/26/2025 7:19 PM
Why he calling you weird
TryLad 7/26/2025 7:19 PM
He was 17 and I was 19
which isn't really a very big deal in the grand scheme of things
and he's the only person that thinks that
I've talked to a lot of people
and everyone is on the same page as me
I just told them that I had feelings for them
thats it

He then went to talk to Augie, and interestingly enough, when Nile talked to him, he instantly folded, admitting to Nile that it wasn't really that weird and I was unbanned then. Now I find this very interesting, as Augie was all high and mighty a few days prior. He was telling me that EVERYONE agreed that this was *SO* weird, and he interestingly enough came to the opposite conclusion when Nile spoke to him and presumably called him out on it. This is one of the only times that the mask slipped, as I assume he thought that Nile wouldn't tell me that detail in specific.



Nile 7/26/2025 7:40 PM
Okay. We talked about it. Didn't think it was weird. Just don't go harassing this guy or we will have to take action.
Unbanned
TryLad 7/26/2025 7:40 PM
alrighty

I, however, had a sneaking feeling that this wasn't going to end here. So in the meantime, I decided to see what exactly was said about me while I was gone. The stuff that was said however, again, wasn't very accurate.

For whatever reason, it had spread that I was “turning 20 soon”, when in reality, that wasn’t true, as a matter of fact, nearly 6 months later at the time of me writing this, I’m still not 20.

I obviously had a hunch that this wasn't going to be the end of this, but given that there's nothing more I could do at the time, I decided to let things be. And things went pretty well for a few weeks. There was a very huge sentiment against Augie, as everyone really wasn't too happy that he banned me, and a full on uprising was brewing in the background. People were really starting to see him and his antics for what they truly were.

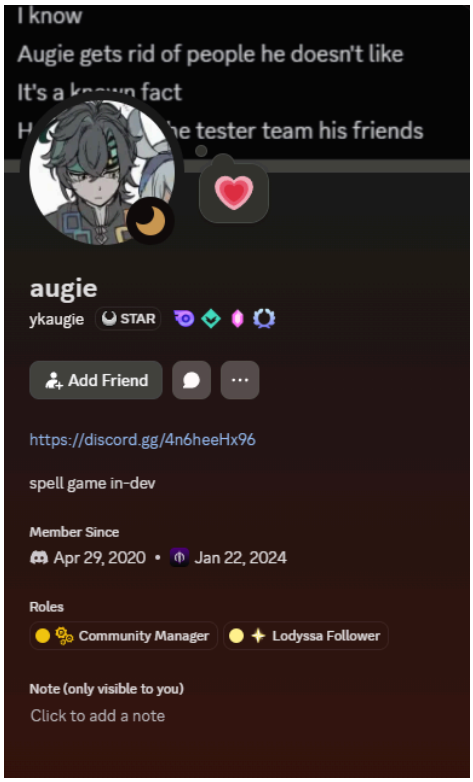
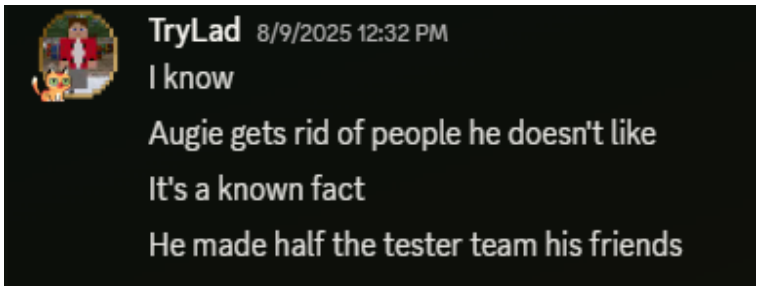
TryLad 8/1/2025 9:45 AM
true true
are you gonna use this whole situation as evidence?
8/1/2025 9:46 AM
Everything

And Augie himself wasn't really oblivious to this whole thing either, he was clearly planning something, quite literally using one of my conversations with another server member about him, and setting it to his own profile background.

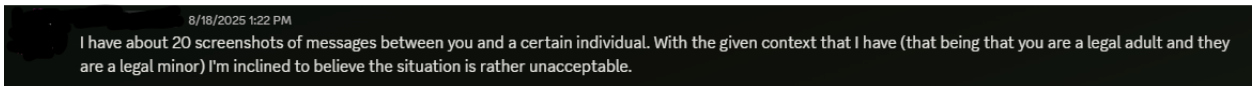




TryLad 8/9/2025 12:32 PM
I know
Augie gets rid of people he doesn't like
It's a known fact
He made half the tester team his friends

And considering that he cropped out my name, the message was directed at me, no one else. In my opinion, this message goes as follows: “Don’t try me, there will be consequences”. This can also be viewed as an ego move, needing to validate that he in fact, is NOT biased, by literally plastering the message for the world to see.

Regardless, the threat wasn’t empty as not even a month after I was unbanned, I would be greeted by something that would escalate this far beyond some petty internet drama. The other CM by the name of iiYumee, had apparently been making conversation with Alex in the background, asking him about the situation. He didn’t really say all that much, simply in his own words “just giving the facts”. While there wasn’t all that much there, it was still just enough to officially turn this situation into an all out war.



8/18/2025 1:22 PM
I have about 20 screenshots of messages between you and a certain individual. With the given context that I have (that being that you are a legal adult and they are a legal minor) I'm inclined to believe the situation is rather unacceptable.

# Section 1.3 - The Original Document

---

For whatever reason, this came to me as a bit of a shock. Despite knowing very well that they were planning something in the background, I didn't expect THIS.  Well, maybe I did, but it would make things so abysmally awful that I was secretly hoping that this wouldn't be the outcome. Getting a pedophile document made on you is probably one of the single worst things that could happen to a human in the modern era. They are very easy to make and VERY difficult to disprove, and knowing that they weren't being truthful was the worst part about this. I knew it wasn't true, all of my friends knew it wasn't true, yet convincing the greater public that the most credible figure in the community made something this serious is a nigh impossible task.

Naturally, I decided to take a step back. There was no way I was going to be able to finish this alone, and given the severity of everything at hand, I knew it would be a long time before I would be able to resolve things. It's at this point I knew I'd have to make a counterdoc, there was no more explaining the situation to people in DMs. If I wanted to clear my name, it was going to take a lot. As such, with the entire timeline laid out, I will now break down their response bit by bit.

Before we do get into that though, I think it's important to address the way that this document was dropped. For starters, this "doc" wasn't actually a doc, it was a collection of images posted in a discord thread, which wasn't even accessible to the public, mind you. I'm being so serious when I say that this shit is harder to find than the One Piece, this isn't something you can find in passing. You have to go out of your way to find this, and even if you do, there's no guarantee that you can get your hands on it. The only reason I was able to find it myself is because I was in the right place at the right time, with a person from the inside willing to provide me with the tools to defend myself. I will forever be thankful for this person, otherwise I may have never seen what was going on behind the scenes.

Secondly, no one has really even seen this, outside of the very few people that have access to this private thread, and have heard it from others directly. This has led people making assumptions off of nothing but what they've heard from other (very biased) people. Naturally this has basically led to a snowball effect where there's a bunch of shit going around, that no one can prove nor disprove because, well, no one knows *what the fuck ACTUALLY happened.* This has led to dozens of different assumptions around what actually happened, most of which being nothing but pure speculation.

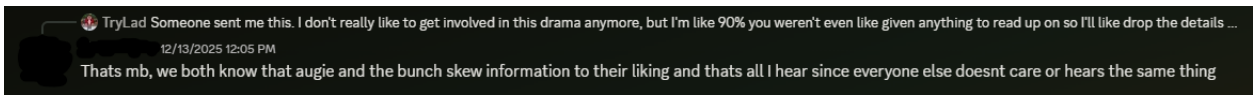
Because again, no one saw this document. This is the first time that this is actually being shared publicly. Matter of fact, I actually talked about this with one of the people shown above and they just flat out admitted that they had no idea what was in this “doc” and apologized for making assumptions.



TryLad Someone sent me this. I don't really like to get involved in this drama anymore, but I'm like 90% you weren't even like given anything to read up on so I'll like drop the details ...

Thats mb, we both know that augie and the bunch skew information to their liking and thats all I hear since everyone else doesnt care or hears the same thing

I feel like this context is very important to get out of the way, because these are *very* serious claims that they're making. I feel like the least that someone could do in this situation would be…I don't know, share it with the public? Anyways, with that mountain of context out of the way, I can finally get into what everyone is reading this for: Dismantling their claims.

. . .

Their statement opens with the following:

"*Context: Trylad who is 19 ( pretty sure turning 20 this year ), sent these messages to an AL mod who recently left who turned 17 this year (Alex) and its quite a disturbing read, others I've talked to agreed it was pretty weird aswell."*

The beginning of their statement starts by setting the tone for their argument, trying to present it as I am actively taking advantage of and manipulating Alex. Now I myself didn't do this, and certainly don't agree with it, there's not anything wrong with opening your argument this way. What I do have an issue with however is how you can already see something that they like to do quite a bit: Rounding ages to make things seem worse than they actually are. The person who wrote this document was iiYumee as shown in their statement. However, trying to pull the "he's actually turning 20" bullshit is not only unprofessional, but also just completely fabricated, despite her KNOWING that I wasn't turning 20 anytime soon. She LITERALLY wished me a happy birthday on MY BIRTHDAY.

There’s zero room for plausible deniability here, she knew what she was doing when she stated this, and this is FAR from the first time that they will do this. You will notice a recurring trend of them smudging and/or omitting key context and evidence to paint a very specific picture. That picture being that I am a manipulative, clingy, and disgusting person trying to pressure someone into a relationship that they have no desire to be in.

Their next piece of evidence, involves 5 screenshots of an, admittedly very brash confession of love that I had towards Alex. Once again, painting the picture that I trauma dumped and tried to make them feel like they had no choice but to be in this relationship.

I'd want to be the one that you'd be willing to spend your life with, and to be with no matter what

Things as subtle as the messages you send, the way you talk around me compared to everyone else, the way you react every time someone brought up the allegations
And I know you're very conflicted on how to feel, I get it...it's very hard to process all of the emotions that I'm sure you're probably feeling right now

Now the information here is presented in a way that this is how it started, and I came out of nowhere and just dropped this on him out of nowhere. That however, really couldn't be further from the truth. There was quite a lot of buildup to this moment, and even then this wasn't my actual confession, this was:

And thats kinda when I figured
It's why you've been coming up in my therapy sessions so much
Because I didn't really know how to tell you about it
But I can't help but fell really connected to you for some reason
I feel like I wanna be there for you no matter what

Someone that you can depend on
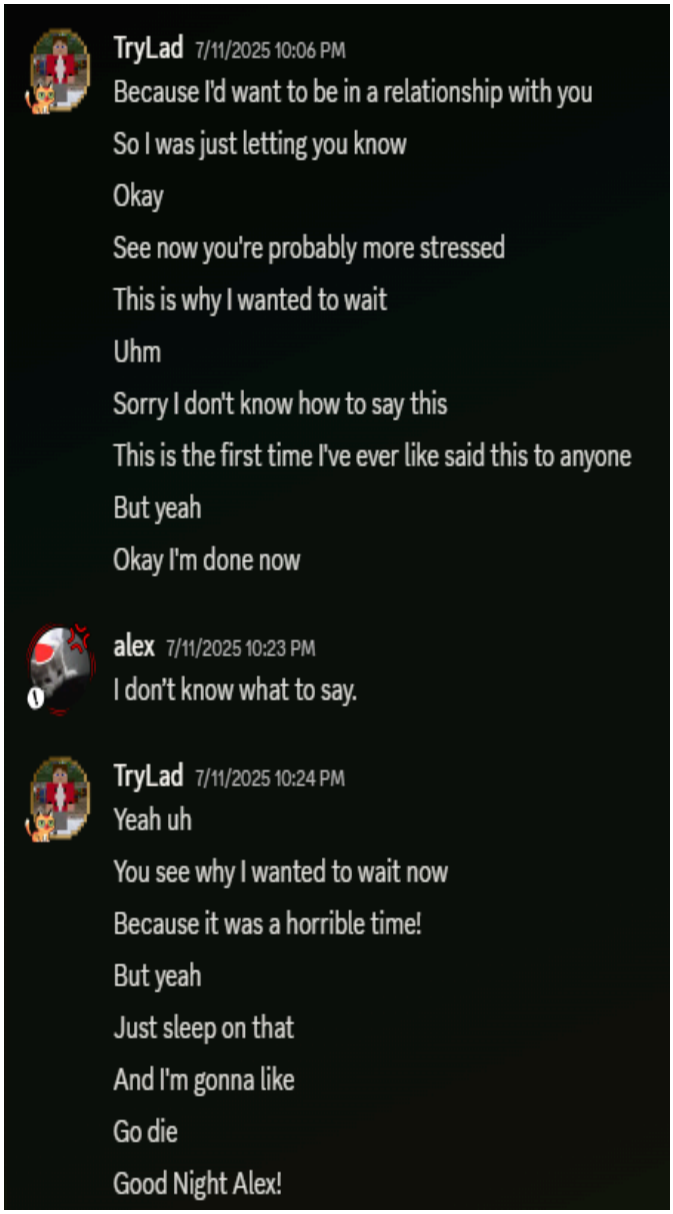
I said that twice okay
Point is
I have feelings for you
And I was gonna tell you when you got back
But you asked me now and I didn't wanna lie
Because I always try to be honest
And I didn't wanna stress you out while you were on vacation



TryLad 7/11/2025 10:06 PM
Because I'd want to be in a relationship with you
So I was just letting you know

Yeah uh
You see why I wanted to wait now
Because it was a horrible time!
But yeah
Just sleep on that
And I'm gonna like

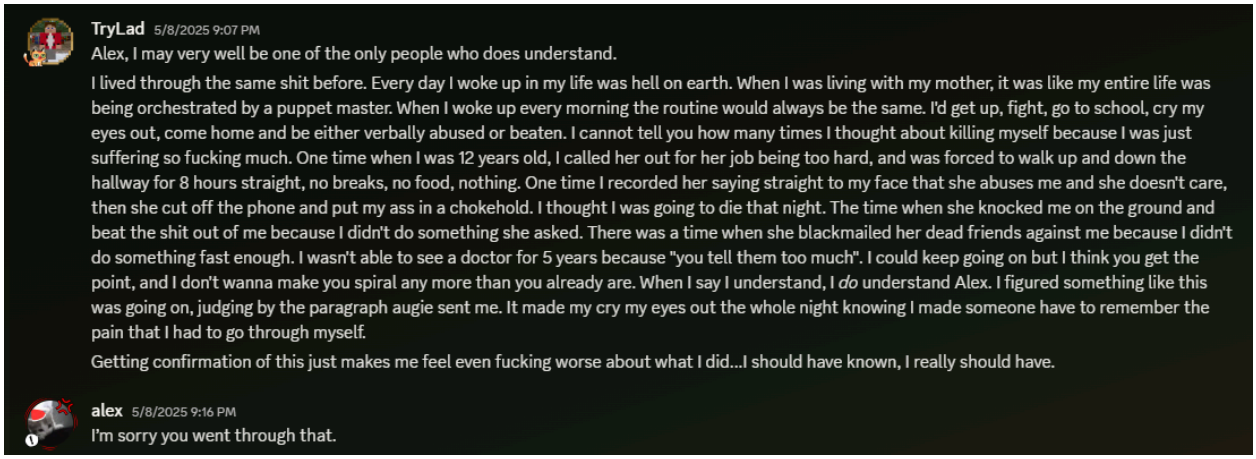
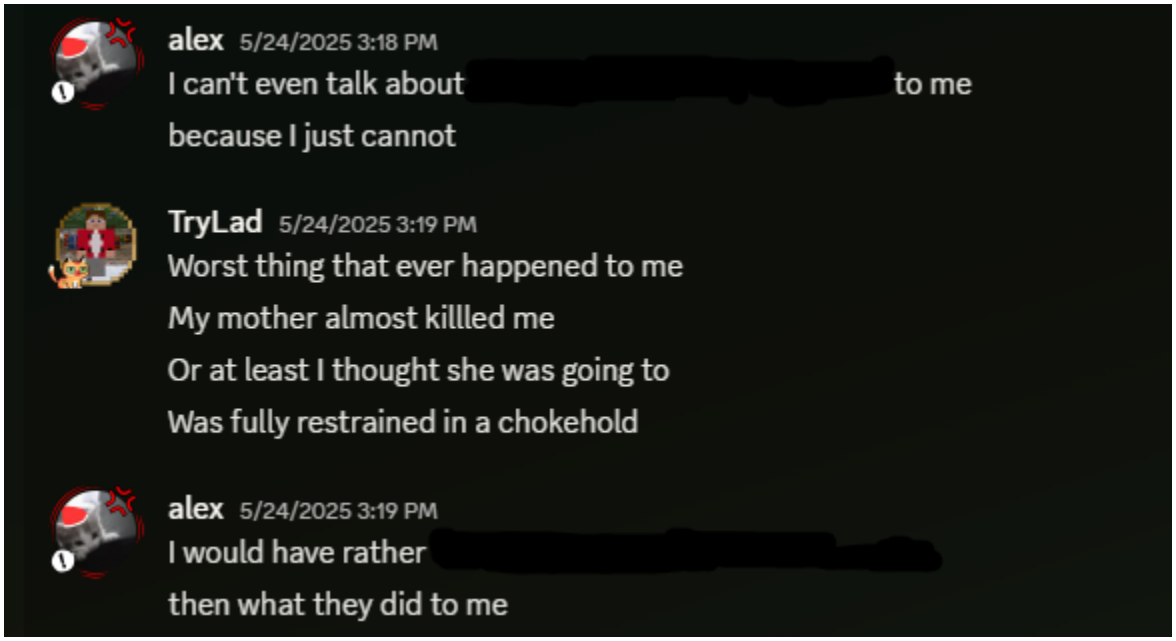
Good Night Alex!

At the time, Alex was on a vacation, and I really didn't want to bother him with this since…well, that's probably the last thing you want to hear on a vacation. Plus, he had been dealing with some pretty serious shit at the time. I didn't really want to ruin his time by dropping a bomb like this on him. The only reason I told him when I did is because he wanted me to. It's a pretty…normal confession all things considered, a bit nervous, but pretty normal. Also worth noting, is that he didn't give me a flat out no here, which was a large reason why I ended up dropping an entire essay. Because in my mind I was thinking: *"If he's unsure, I need to say something really moving in hopes that he'll say yes".*

A lot of people have also pointed out that the “trauma dumping” here was a manipulation tactic here, which wasn’t true at all really. Me and Alex have had conversations about our pasts before, sometimes those conversations would revolve around our specific traumas, even if they weren’t that frequent.



TryLad 5/8/2025 9:07 PM
Alex, I may very well be one of the only people who does understand.
I lived through the same shit before. Every day I woke up in my life was hell on earth. When I was living with my mother, it was like my entire life was being orchestrated by a puppet master. When I woke up every morning the routine would always be the same. I'd get up, fight, go to school, cry my eyes out, come home and be either verbally abused or beaten. I cannot tell you how many times I thought about killing myself because I was just suffering so fucking much. One time when I was 12 years old, I called her out for her job being too hard, and was forced to walk up and down the hallway for 8 hours straight, no breaks, no food, nothing. One time I recorded her saying straight to my face that she abuses me and she doesn't care, then she cut off the phone and put my ass in a chokehold. I thought I was going to die that night. The time when she knocked me on the ground and beat the shit out of me because I didn't do something she asked. There was a time when she blackmailed her dead friends against me because I didn't do something fast enough. I wasn't able to see a doctor for 5 years because "you tell them too much". I could keep going on but I think you get the point, and I don't wanna make you spiral any more than you already are. When I say I understand, I *do* understand Alex. I figured something like this was going on, judging by the paragraph augie sent me. It made my cry my eyes out the whole night knowing I made someone have to remember the pain that I had to go through myself.
Getting confirmation of this just makes me feel even fucking worse about what I did...I should have known, I really should have.
alex 5/8/2025 9:16 PM
I'm sorry you went through that.

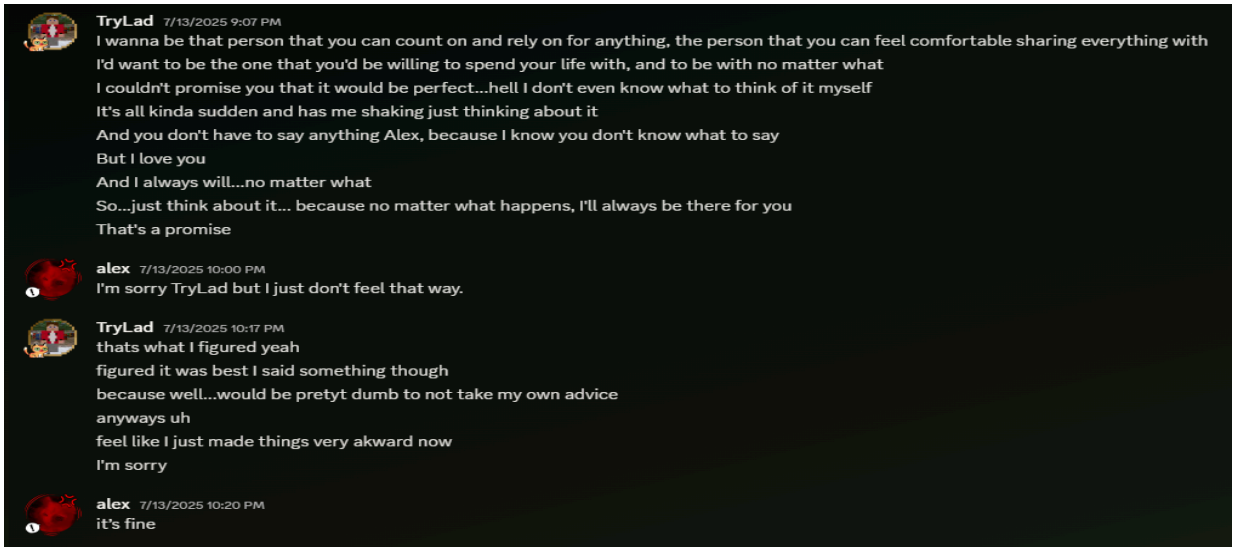


alex 5/24/2025 3:18 PM
I can't even talk about [redacted] to me
because I just cannot
TryLad 5/24/2025 3:19 PM
Worst thing that ever happened to me
My mother almost killled me
Or at least I thought she was going to
Was fully restrained in a chokehold
alex 5/24/2025 3:19 PM
I would have rather [redacted]
then what they did to me

Now I’m obviously not going to show anyone what Alex said to me in regards to his trauma, because if he wishes to share that with someone, that’s his choice, not mine. This is simply here to show that we have had these conversations before. Therefore, they can't try to say that I tried to “trauma dump” on him in order to force him into a relationship he had no desire to be in.

I feel like this is further exemplified by the next image they show in their statement as well.

Before we get into that however, we first have to go over this next string of messages that was also omitted from the original document. As it completely recontextualizes the way that their response is viewed.



TryLad 7/13/2025 9:07 PM

These messages directly follow the paragraph that I sent him confessing my feelings, and come before the message where I apologize. In it, you don't see a guy trying to do damage control, you don't see anyone trying to make someone suffer, you just see a normal guy shooting his shot. This right here is what makes their next image even more frustrating.

mhm it's fine!

Once again…painting it as the EXACT opposite of what ACTUALLY happened. Are you starting to notice a trend yet? Every single time they bring up a point they:

- Omit key context
- Bend the truth to their liking
- Hype stuff up to be far worse than it actually is.

For the life of me I just cannot understand the reason why they would do that, unless it's for the SOLE REASON of making me look like a grooming manipulative jackass…It's so frustrating too, because both me AND Alex are sick of this shit. Like everyone is trying to say that Alex is beyond disgusted with my actions, that he feels so hurt and that he's disturbed with me, when he literally said himself, that he disproves of and disagrees with everything they've said and done.

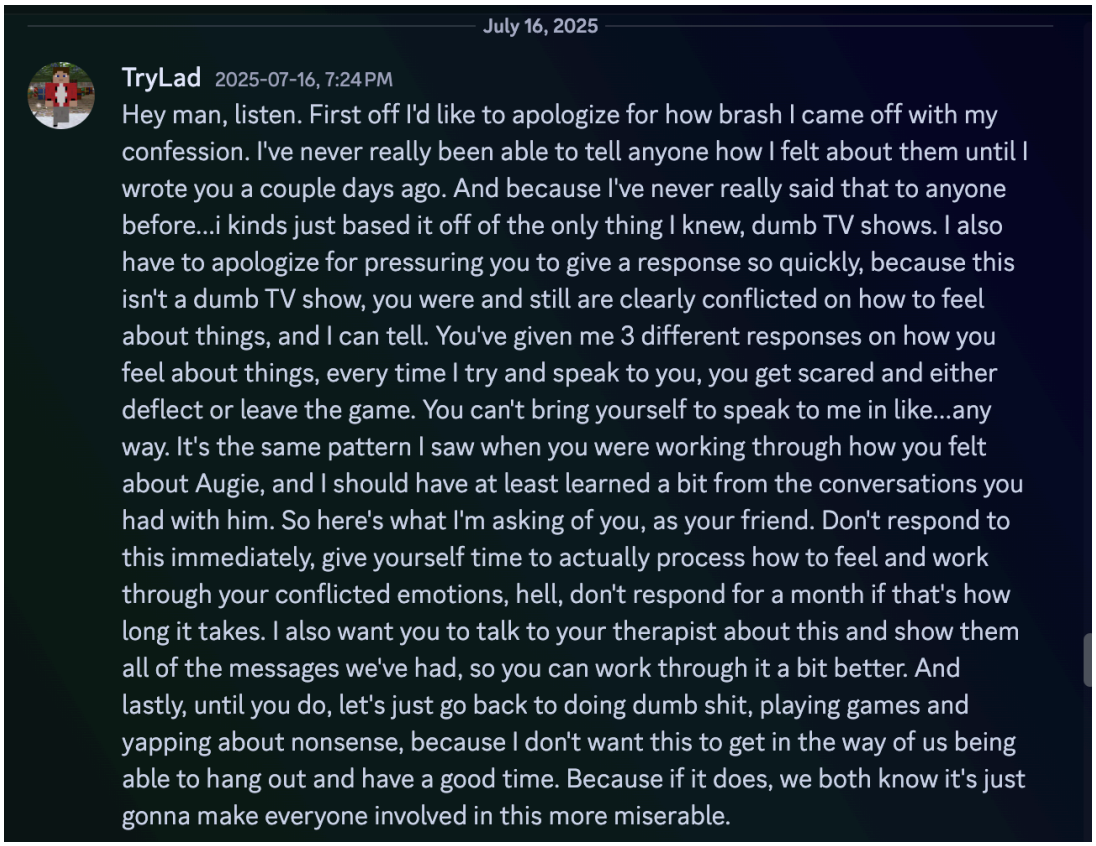
i dont want the constant reminder of the pas
and I certainly wish you no harm and hope you don't do anything horrible.

He himself admits that what they use against me is stuff that they, and say it with me folks, used out of context to make ME look bad.

Now listen, you can do whatever the hell you want to me, you can SAY ANYTHING you want about me. If you wanna spend your free time imagining that I'm on the epstein files, go ahead. But it crosses a line when you use an emotionally vulnerable and hurt Alex to push your own agenda. Like it's no secret that I *really* care about him, and for them to just use him as a means to an end…is so disgusting. This isn't to say that I'm completely innocent here however, as there's still one thing I did that, while not bad, still was something that I should be called out for.

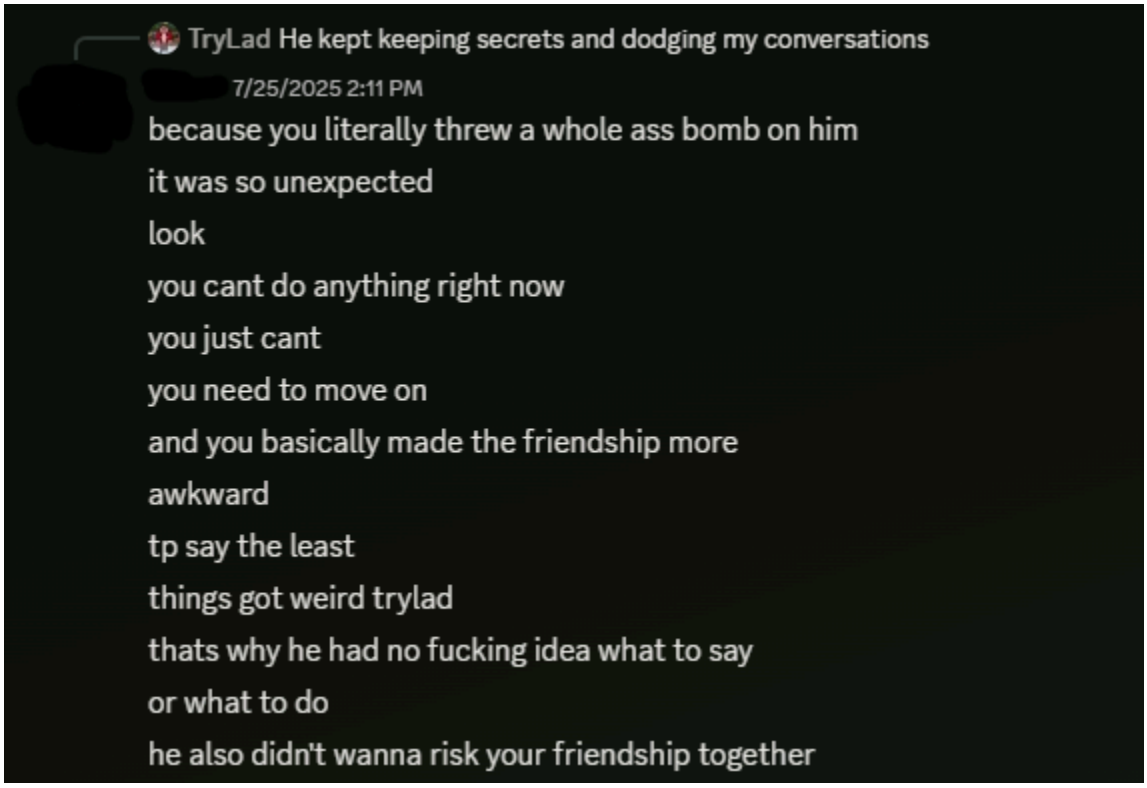


July 16, 2025
TryLad 2025-07-16, 7:24 PM
Hey man, listen. First off I'd like to apologize for how brash I came off with my confession. I've never really been able to tell anyone how I felt about them until I wrote you a couple days ago. And because I've never really said that to anyone before...i kinds just based it off of the only thing I knew, dumb TV shows. I also have to apologize for pressuring you to give a response so quickly, because this isn't a dumb TV show, you were and still are clearly conflicted on how to feel about things, and I can tell. You've given me 3 different responses on how you feel about things, every time I try and speak to you, you get scared and either deflect or leave the game. You can't bring yourself to speak to me in like...any way. It's the same pattern I saw when you were working through how you felt about Augie, and I should have at least learned a bit from the conversations you had with him. So here's what I'm asking of you, as your friend. Don't respond to this immediately, give yourself time to actually process how to feel and work through your conflicted emotions, hell, don't respond for a month if that's how long it takes. I also want you to talk to your therapist about this and show them all of the messages we've had, so you can work through it a bit better. And lastly, until you do, let's just go back to doing dumb shit, playing games and yapping about nonsense, because I don't want this to get in the way of us being able to hang out and have a good time. Because if it does, we both know it's just gonna make everyone involved in this more miserable.

Now here I was pushy, there's no denying that, nor am I going to try to. This right here is probably the strongest (and only piece) of real evidence they have. Nevertheless, I'm still going to break it down as I have with everything else.

After the previous statement, it should have become pretty obvious that he wasn't interested, I think part of me realizes that too, even at the time. But considering I was new to this whole romance thing, I decided to consult some people in my life. I ended up briefing someone on my team about how the confession went. We discussed the past,

our previous interactions, how he felt about the whole situation, etc. Now the conclusion we came to is that he is probably confused and unsure how to feel about the situation, something that his best friend later confirmed to me.



TryLad He kept keeping secrets and dodging my conversations

it's like you don't believe a thing i say
you don't even believe me when i say im not in love with you.

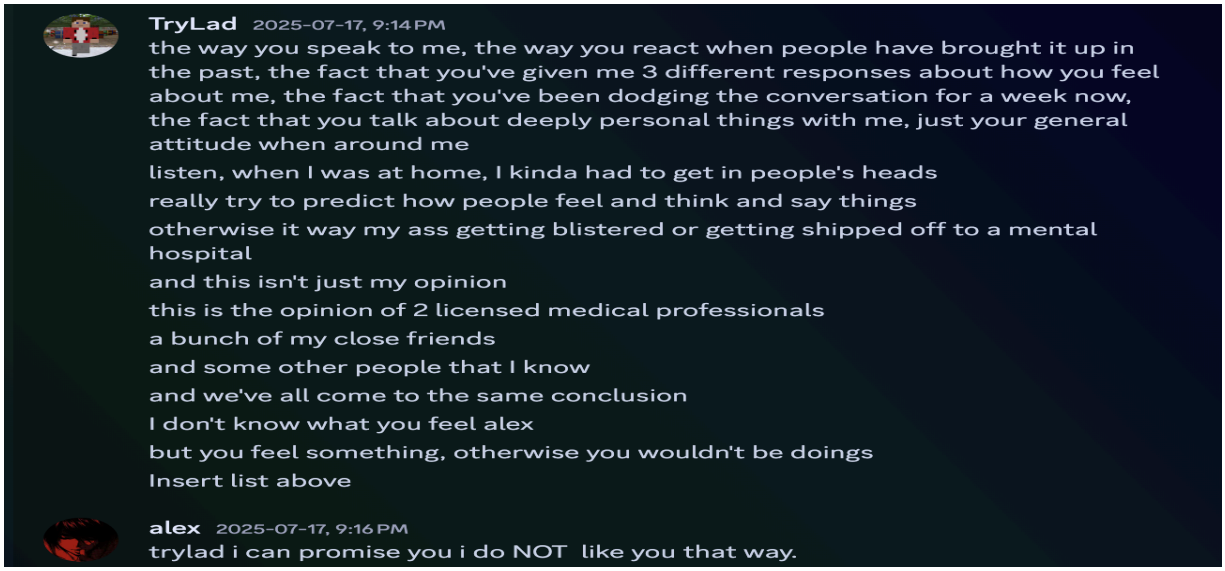
maybe because I don't want to hear it
or maybe because I've heard you say things

**alex** 2025-07-17, 9:12 PM
what things??

**TryLad** 2025-07-17, 9:12 PM
a lot of things alex

**alex** 2025-07-17, 9:12 PM
like what...?



**TryLad** 2025-07-17, 9:14 PM
the way you speak to me, the way you react when people have brought it up in the past, the fact that you've given me 3 different responses about how you feel about me, the fact that you've been dodging the conversation for a week now, the fact that you talk about deeply personal things with me, just your general attitude when around me
listen, when I was at home, I kinda had to get in people's heads
really try to predict how people feel and think and say things
otherwise it way my ass getting blistered or getting shipped off to a mental hospital
and this isn't just my opinion
this is the opinion of 2 licensed medical professionals
a bunch of my close friends
and some other people that I know
and we've all come to the same conclusion
I don't know what you feel alex
but you feel something, otherwise you wouldn't be doings
Insert list above

**alex** 2025-07-17, 9:16 PM
trylad i can promise you i do NOT like you that way.

Which by the way, if you could believe it, they conveniently cut out this little tidbit right here:

i have a boyfriend trylad and i love him.
TryLad 7/17/2025 8:17 PM
why didn't you tell me lol
I would have ended it there
alex 7/17/2025 8:17 PM
you should have just believed me
when i said i didn't feel that way

Which, once again, was them trying to omit key details to make me look like more of an aggressor than I actually was. You know what, I'm starting to think that they might not like me all that much. Eh, just a hunch, I'm sure they're very reasonable. Anyways back to info dumping.

I guess I really haven't changed have I

good on me I guess

it made me beyond uncomfortable

# Their Full Statement

Below will be attached the full, unedited statement that they leveled against me back on August 18th, 2025 in an attempt to frame me as a predator. This statement was for whatever reason only publicly shown in the “Exposing TryLad” Private Thread in the Arcane Lineage Helper Discord.

Written By iiYumee:

*Context: Trylad who is 19 ( pretty sure turning 20 this year ), sent these messages to an AL mod who recently left who turned 17 this year (Alex) and it’s quite a disturbing read, others I've talked to agreed it was pretty weird as well.*

But I can't help it Alex
I do love you
I want to be that person that can be there for you, to wipe your tears when you cry
TryLad 2025-07-13, 10:07 PM
I wanna be that person that you can count on and rely on for anything, the person that you can feel comfortable sharing everything with
I'd want to be the one that you'd be willing to spend your life with, and to be with no matter what
I couldn't promise you that it would be perfect...hell I don't even know what to think of it myself
It's all kinda sudden and has me shaking just thinking about it
And you don't have to say anything Alex, because I know you don't know what to say
But I love you
And I always will...no matter what
So...just think about it... because no matter what happens, I'll always be there for you
That's a promise

felt like I loved that person
But I don't know...you're different, out of everyone I've ever talked to...you're the only one that I've ever really felt a deep connection with
And I don't know why...but I have a strong hunch that you have some kind of feelings for me as well
Things as subtle as the messages you send, the way you talk around me compared to everyone else, the way you react every time someone brought up the allegations
And I know you're very conflicted on how to feel, I get it...it's very hard to process all of the emotions that I'm sure you're probably feeling right now
I'd be very shocked too if one of my best friends told me that they were in love with me
But I can't help it Alex
I do love you

Get tortured for years for end my life
Those aren't great opinions lol
But after a while I started to learn what life was without being forced to spend every day fighting to survive
TryLad 2025-07-13, 10:00 PM
I started finding my own interests, starting to take up hobbies that I cared about, got into therapy and started improving my life
And you wanna know one of the first things I did
I decided to make a tournament for Doors
And no one else really thought it was a great idea... except you
And you know the rest of the story from here
Look, I've been thinking about this a lot recently
And I think I finally understand it now
You're someone that I got close to, the first real friend I had since being forced into whatever you'd call my childhood
And well...now I've caught feelings for you
Which is really funny, because not only h told myself that I never wanted a relatic before...but even when I did try...I never really

I was socially isolated, locked in a room with no one to see and too much fear in my heart to ever leave and try to make friends
I was put into a specialized school with peopl who were literally mentally retarded just so I'd be unable to form connections with anyone and anything outside of my mother and what she conditioned me to believe
And it sucked
You know it's not easy to spend a whole decade of your life being tortured by the person that is supposed to be there and help you and provide for you
It hurts...
And well things didn't get much better when I left home either
I had formed so many bad habits and downright hated myself, I convinced myself that I'd never be able to love anyone, and I'd b forced to just exist...forever trying to break free from the chains my mother put around me
Hell, eventually I thought that the only choice I had for myself was to just...not exist anymor
And I wasn't wrong either

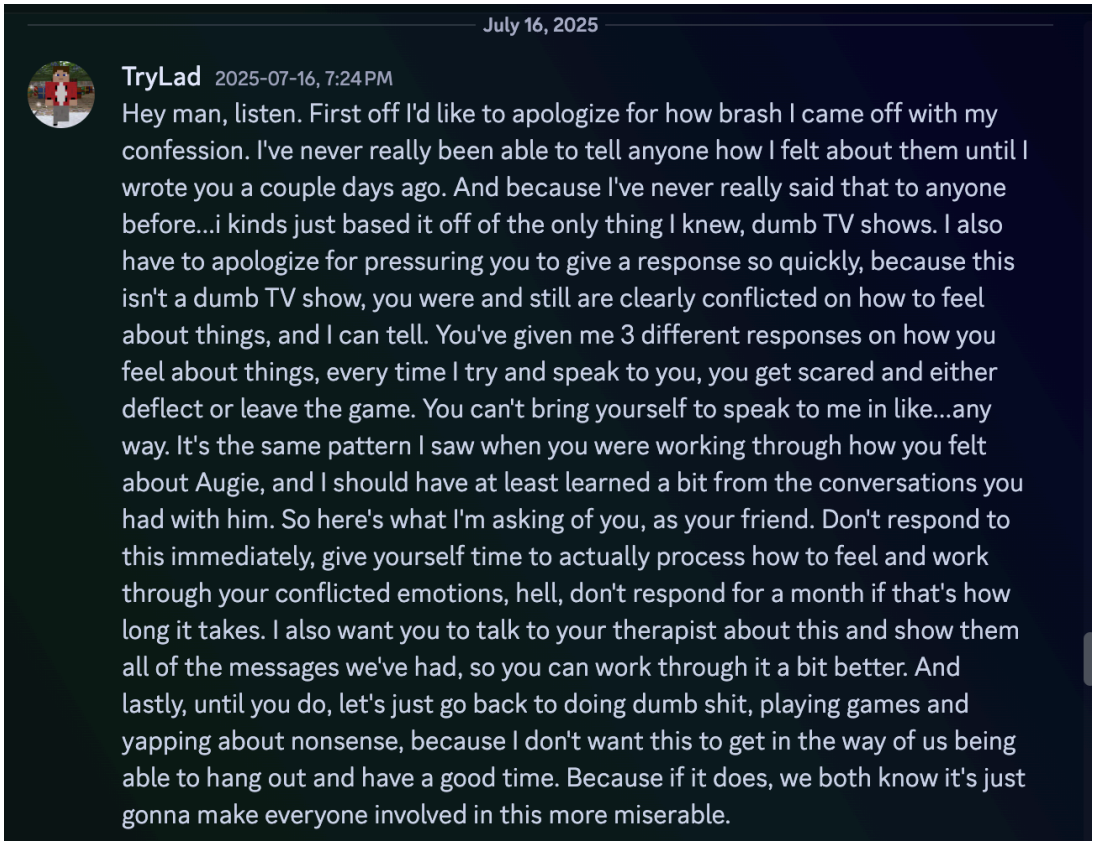
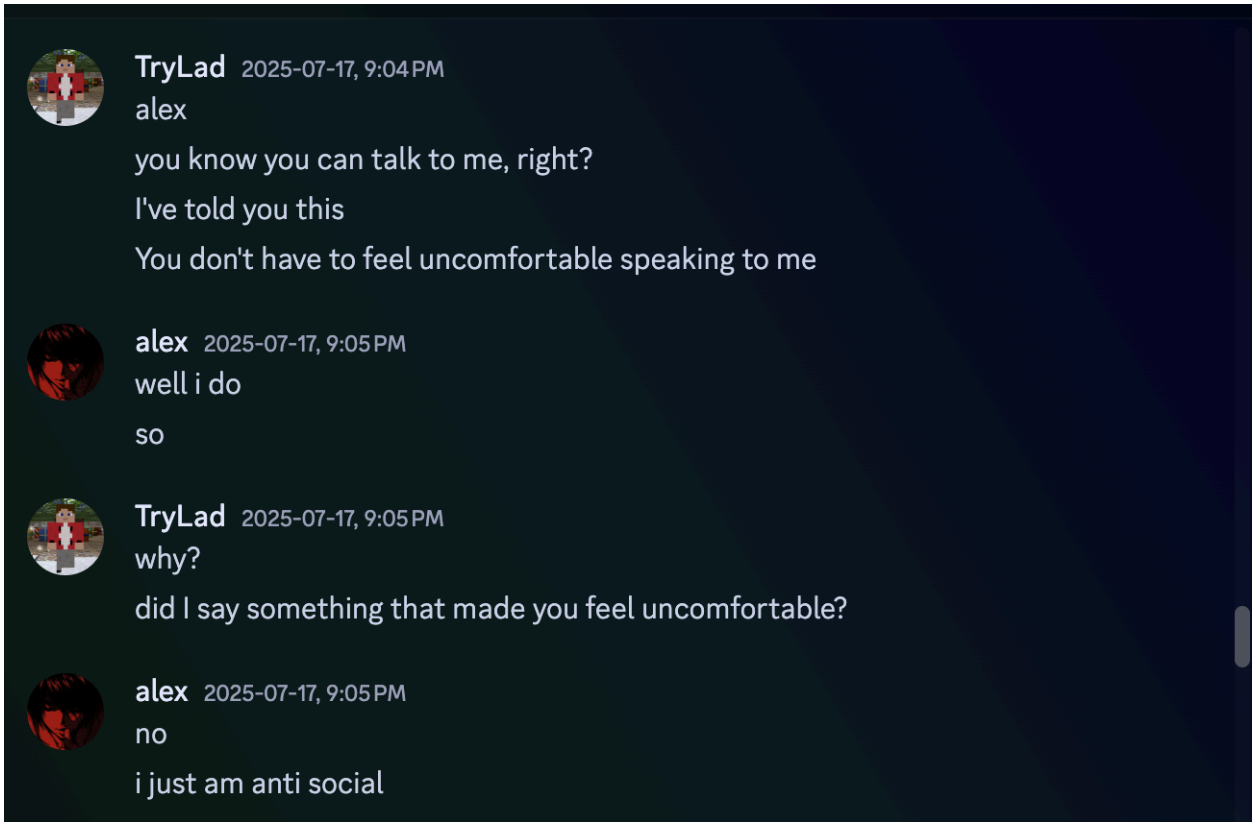
Anyways I've gotta apologize for last night
I probably acted very immature in the grand scheme of things
I'm just not great at rejection
I've uh, never said anything like that to anyone before
So I became very sad
I mean what I'm describing is probably very normal all things considered
But still
But I digress
We're still friends right? (Very dumb question I know, I just made things awkward lmao)
alex 2025-07-14, 9:44 AM
mhm it's fine!

Then:



July 16, 2025
TryLad 2025-07-16, 7:24 PM
Hey man, listen. First off I'd like to apologize for how brash I came off with my confession. I've never really been able to tell anyone how I felt about them until I wrote you a couple days ago. And because I've never really said that to anyone before...i kinds just based it off of the only thing I knew, dumb TV shows. I also have to apologize for pressuring you to give a response so quickly, because this isn't a dumb TV show, you were and still are clearly conflicted on how to feel about things, and I can tell. You've given me 3 different responses on how you feel about things, every time I try and speak to you, you get scared and either deflect or leave the game. You can't bring yourself to speak to me in like...any way. It's the same pattern I saw when you were working through how you felt about Augie, and I should have at least learned a bit from the conversations you had with him. So here's what I'm asking of you, as your friend. Don't respond to this immediately, give yourself time to actually process how to feel and work through your conflicted emotions, hell, don't respond for a month if that's how long it takes. I also want you to talk to your therapist about this and show them all of the messages we've had, so you can work through it a bit better. And lastly, until you do, let's just go back to doing dumb shit, playing games and yapping about nonsense, because I don't want this to get in the way of us being able to hang out and have a good time. Because if it does, we both know it's just gonna make everyone involved in this more miserable.



TryLad 2025-07-17, 9:04 PM

because we were going to talk when you got back.
and well...you've been dodging me ever since
please man, tell me whats on your mind
I know I'm not a therapist, but you can talk to me

i didn't like it at all.

**TryLad** 2025-07-17, 9:24 PM
that explains why you didn't want to be on the streams
because people kept...shipping us lol
and I get where you're coming from
people can be dicks
I don't know what to say
I don't know if there's anything I can say frankly
but for what its worth, im sorry man
I shouldn't have let my past experiences get in the way of how you felt
and that was 100% on me
I saw an inch and took a mile
and now we're in this very awkward situation (edited)
welp
thats that then

switch up

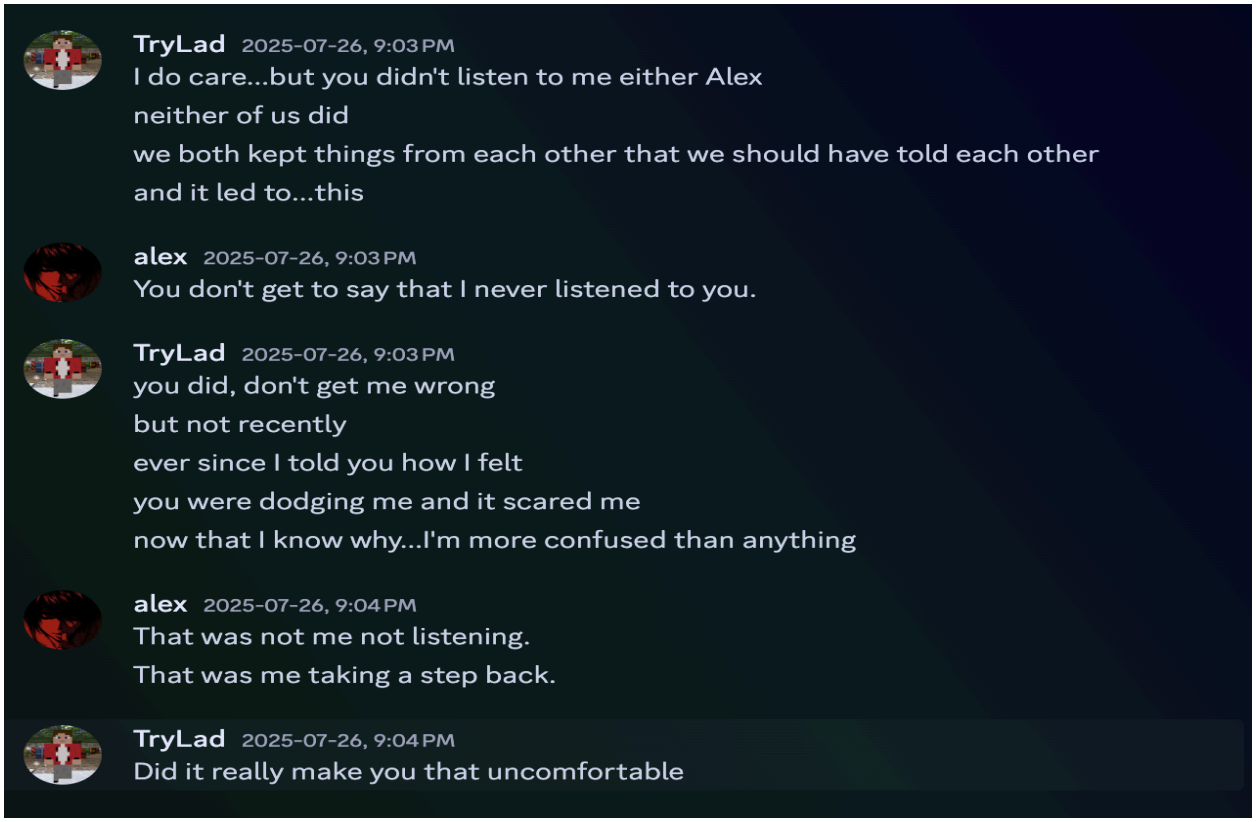
I'm sorry I didn't trust you. I should have known that you'd have no reason to lie to me, but idk for whatever reason I had it in my head that you had feelings for me. Truth is Alex, I do love you, but not really romantically, more so in a best friend kinda way. Only reason I went that route is because I thought you had feelings for me. Pretty sure I thought you did because everyone in my life kinda just...spawned in my head that you did. When I talked to my therapist last night she still tried to get me to believe that you had feelings for me, and at that point I kinda knew what I felt the way I felt.

**TryLad** 2025-07-26, 8:58 PM
Alex I know I'm not mature
and I'm trying to work on it

**alex** 2025-07-26, 8:58 PM
You aren't.
You're bringing me down with you and I don't appreciate that at all

**TryLad** 2025-07-26, 8:59 PM
thats why i never try to get into relationships or make friends
I protect them from myself by not being around them
because I really do hate myself
I hate the person I am and I want to be better

**alex** 2025-07-26, 9:00 PM
I trusted you to be my friend
I gave you so many chances as a person
Even when people told me not to
Even when people hated you I stood by you as your friend.
And this.. is what I get?



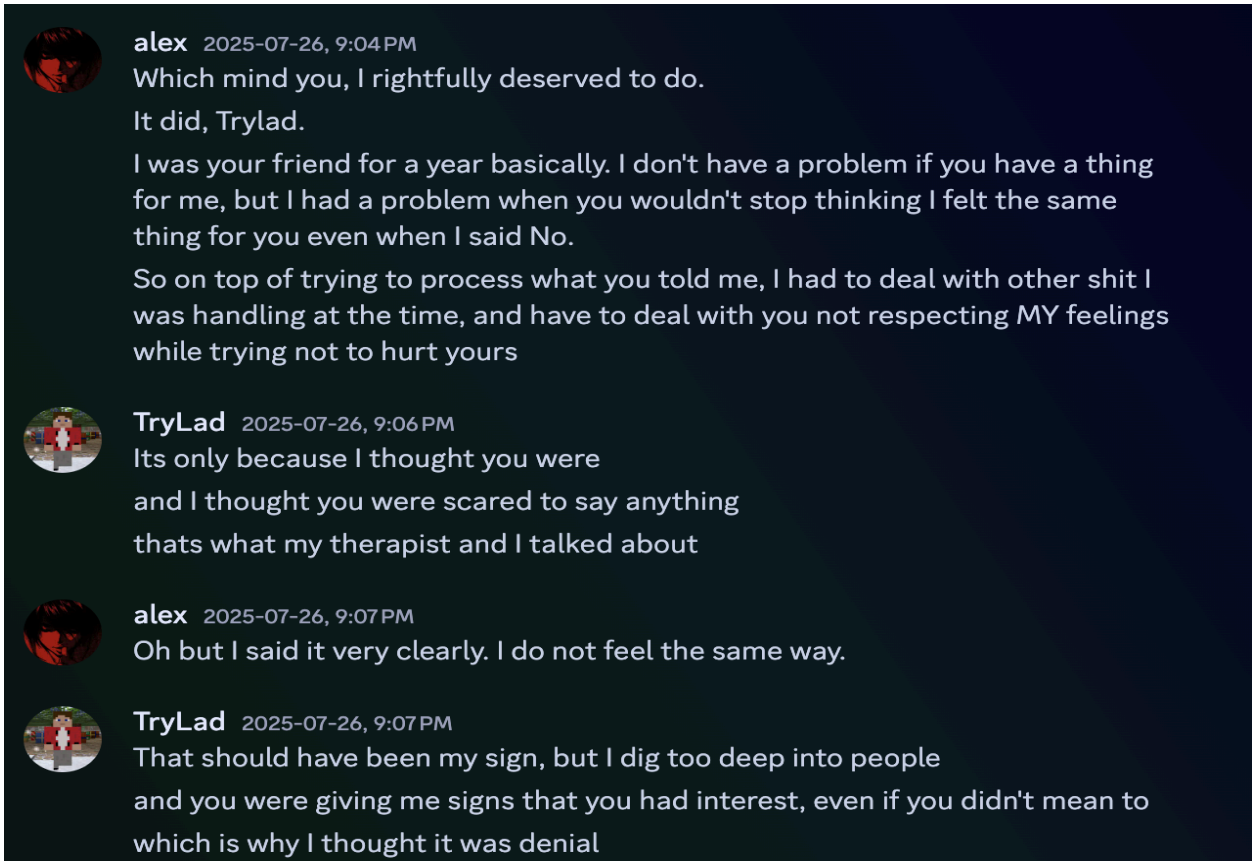
**TryLad** 2025-07-26, 9:03 PM
I do care...but you didn't listen to me either Alex
neither of us did
we both kept things from each other that we should have told each other
and it led to...this

**alex** 2025-07-26, 9:03 PM
You don't get to say that I never listened to you.

**TryLad** 2025-07-26, 9:03 PM
you did, don't get me wrong
but not recently
ever since I told you how I felt
you were dodging me and it scared me
now that I know why...I'm more confused than anything

**alex** 2025-07-26, 9:04 PM
That was not me not listening.
That was me taking a step back.

**TryLad** 2025-07-26, 9:04 PM
Did it really make you that uncomfortable



**alex** 2025-07-26, 9:04 PM
Which mind you, I rightfully deserved to do.
It did, Trylad.
I was your friend for a year basically. I don't have a problem if you have a thing for me, but I had a problem when you wouldn't stop thinking I felt the same thing for you even when I said No.
So on top of trying to process what you told me, I had to deal with other shit I was handling at the time, and have to deal with you not respecting MY feelings while trying not to hurt yours

**TryLad** 2025-07-26, 9:06 PM
Its only because I thought you were
and I thought you were scared to say anything
thats what my therapist and I talked about

**alex** 2025-07-26, 9:07 PM
Oh but I said it very clearly. I do not feel the same way.

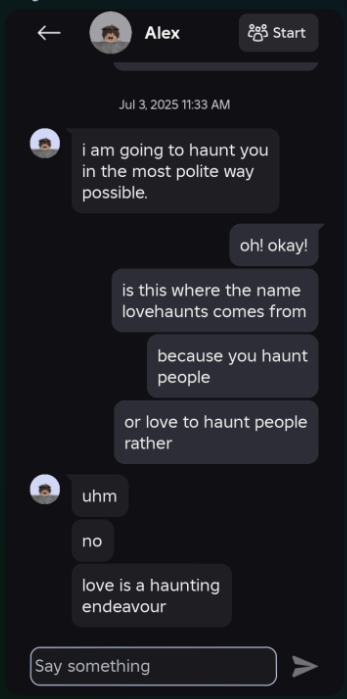
**TryLad** 2025-07-26, 9:07 PM
That should have been my sign, but I dig too deep into people
and you were giving me signs that you had interest, even if you didn't mean to
which is why I thought it was denial

**alex** 2025-07-26, 9:08 PM
I never gave you a single sign.

**TryLad** 2025-07-26, 9:08 PM
I don't think you meant to Alex, but you did
thats the reason I even told you in the first place
because I thought you did
otherwise I wouldn't have said anything, as to not make things more awkward
because I was scared to
A lot of people told me they saw signs too
my therapist, carso, some of my other friends
trust me, I didn't just push for the hell of it
its because I genuinely thought you felt the same
thats why I stopped when you told me you had a boyfriend
because I knew then for a fact

**alex** 2025-07-26, 9:11 PM
Name one sign I gave you.

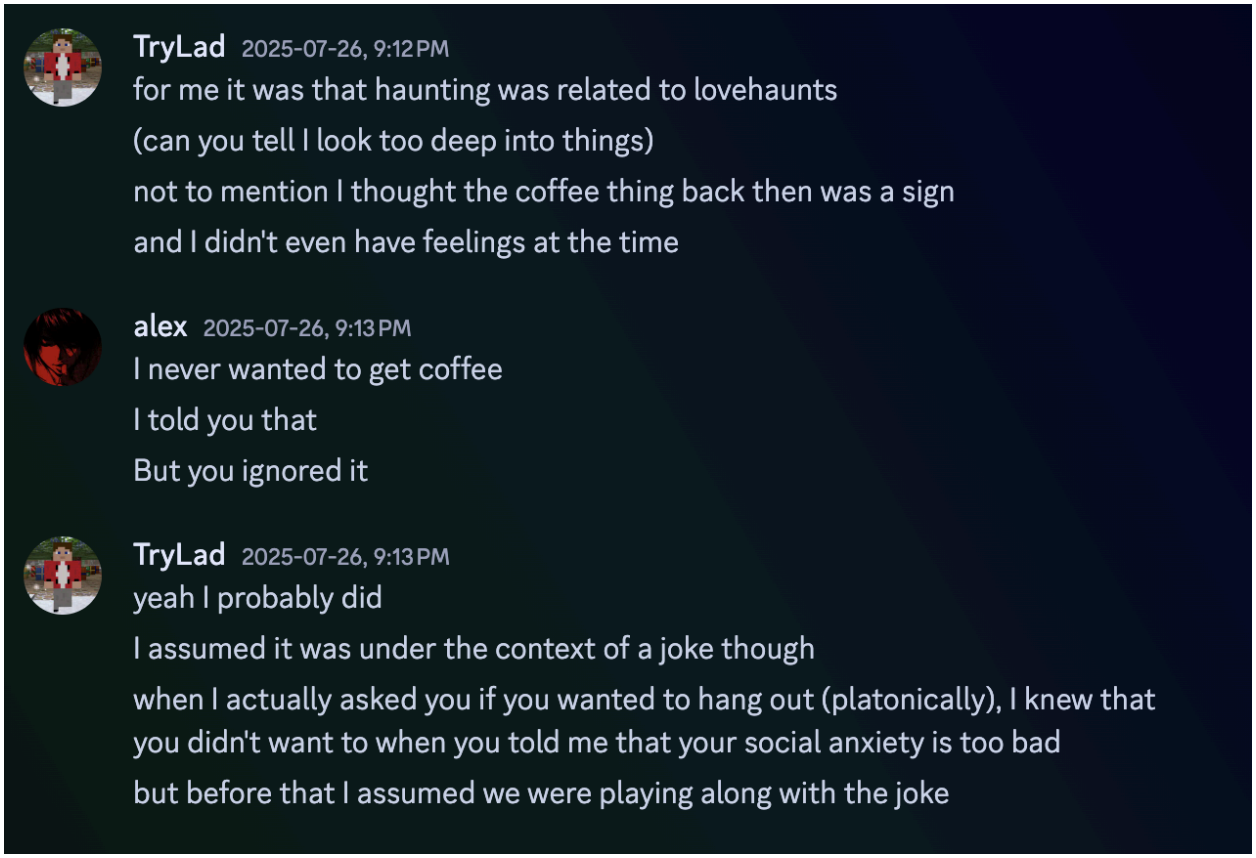
**TryLad** 2025-07-26, 9:12 PM



Alex
Start
Jul 3, 2025 11:33 AM
i am going to haunt you in the most polite way possible.
oh! okay!
is this where the name lovehaunts comes from
because you haunt people
or love to haunt people rather
uhm
no
love is a haunting endeavour
Say something

I know you didn't mean for stuff like this to be taken that way
but I took them like that

**alex** 2025-07-26, 9:12 PM
How on EARTH is this a sign that I love you?



TryLad 2025-07-26, 9:12 PM
for me it was that haunting was related to lovehaunts
(can you tell I look too deep into things)
not to mention I thought the coffee thing back then was a sign
and I didn't even have feelings at the time
alex 2025-07-26, 9:13 PM
I never wanted to get coffee
I told you that
But you ignored it
TryLad 2025-07-26, 9:13 PM
yeah I probably did
I assumed it was under the context of a joke though
when I actually asked you if you wanted to hang out (platonically), I knew that you didn't want to when you told me that your social anxiety is too bad
but before that I assumed we were playing along with the joke

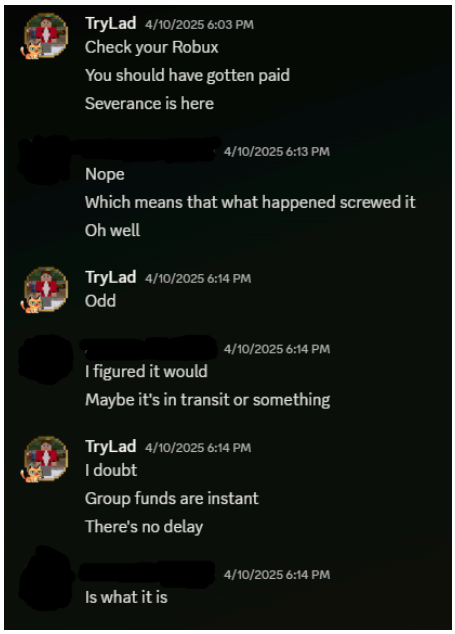
***Heya, TryLad here, I'll be giving commentary on the testimonies here. Whenever you see text in green, it's written by me.***

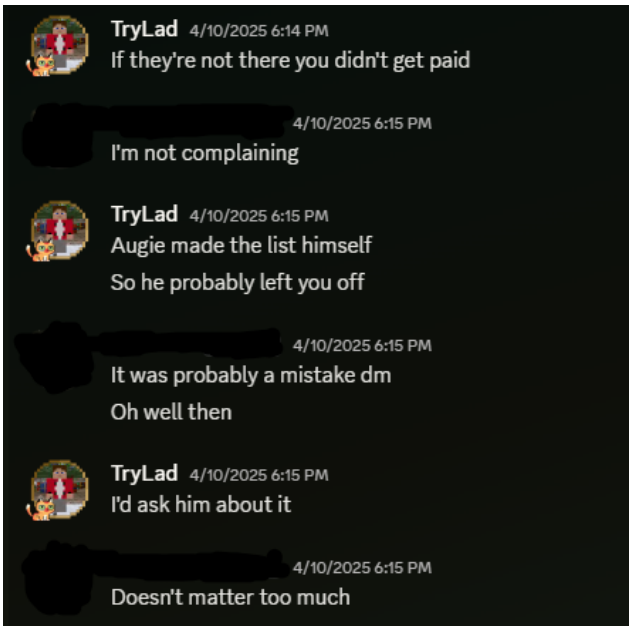
***This testimony especially I'll be very active in, as I know the most about this situation more than any of the other ones, apart from my own. The person here is a good friend of mine, and as such, I know quite a bit about their situation. I'll be keeping them anonymous throughout this as per their request.***

. . .

So look, basically I don't really have much experience around this. Me and Augie hardly interacted tbh I was only brought on during a funky time but even then i ended up getting demoted cause "you didn't do your job and people had complaints" which like... okay, sure I guess so, whatever you say man. And like yeah I got told I was gonna get paid and whaddya know, I never did which again. Whatever man.

***This individual was told that they would be paid for the work that they did at the end of the month. The 1st came and went and they were never paid, to this day, they've still never been paid for their work.***





TryLad 4/10/2025 6:14 PM
If they're not there you didn't get paid
4/10/2025 6:15 PM
I'm not complaining
TryLad 4/10/2025 6:15 PM
Augie made the list himself
So he probably left you off
4/10/2025 6:15 PM

Oh well then
TryLad 4/10/2025 6:15 PM
I'd ask him about it
4/10/2025 6:15 PM
Doesn't matter too much

***I actually personally went out of my way to ask about their money. I ended up talking to Yume, in which she said she'd ask about it.***

Yume Chuu STAR 4/18/2025 11:42 AM
I can't rmb but it was a long time ago
I'm trying to look for it so I can reference it
Ok I found it

- Hate Speech / Harassment towards other members
- Weird conversations in General

These points are the reasons for his demotion. He was a good chat mod at first, I can definitely acknowledge that, but it definitely went downhill I'm not sure what happened. You've seen how it went, [redacted] engages in bullying, especially to members that mean no harm, because he thinks it's funny. Personally, that's a very inappropriate behaviour especially for a mod, when you need to set an example for the community, with a position like that, you shouldn't abuse it.

As far as I know, he doesn't feel sorry about how he has treated those members, and insist that they deserve it and it's fine because it's funny.

Yume Chuu STAR 4/18/2025 11:55 AM
I hope he does find peace within himself and I hope everything becomes better for him. I can understand how difficult life is, especially adult life with all the responsibilities you have, it's definitely not easy. I believe he has a future, a future far greater than now, all he needs to do is to find it, and continue to hope and look for it and work towards a goal.

[redacted] was active that's for sure, but I wish he could have done better. He only ever interacts with his friends, and honestly that's fine but I'm not sure why he always catches an attitude with newer members.

I always strive to make a safe place for the discord server, and I really don't want any mods to be part of the problem of making it an uncomfortable server. Personally those are just my thoughts and observations.

For the mod pay, I'll try to talk to augie about it. I appreciate your concern Trylad, you're a good friend, and I'm sure [redacted] will be happy to have you by his side despite it all.

***To this day, they still have not been paid for their work.***

But look, that's water under the bridge I don't care. I still find it odd how *apparently* I had to get told by other people that I had "moles" in my server. MY server, spying on me?

And then they start following me in games I play like, what? Here's an example, a really poor one tbh. You know that game Deepwoken, yeah that one. I'd be minding my business playing with friends or other people and this guy would show up, say nothing, gank me and leave or stalk me for a bit. Probably a bit more who knows, it wasn't "friendly pvp" either cause he'd bring out his biggest showerless kit to do it.

***The moles are an interesting case, I had actually been involved in this myself. So a member of the AL team went to Nile about the moles, and explained the situation to him. I ended up getting a message from Augie about an hour later, in which he bluntly asked me if I knew why they were banned.***

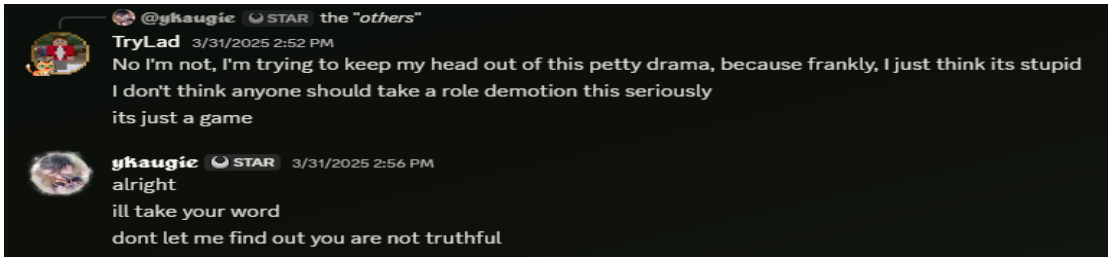
You gotta tell me
ykaugie
Multitude of reason why we decided to demote you but the reasons follow:
Hate speech/Harassment towards server members
Just saying weird things in general chat?? ( watched gore at 8 )
You'll remain in the AL server however
So that's that then
Guess I should have tried better.
Thanks for the year of activity, back to normal player stuff
Goodluck Augie
ykaugie
Goodluck
This is what he told me, I had to learn from others the real reason
the "others"

***Now I was obviously not going to say that I was involved, I was actively collecting evidence at this time, as this was after I was tipped off. So I naturally lied, after which he said that "I better not find out you're not being truthful" basically threatening me and saying that there will be consequences if he finds out I was helping them.***



@ykaugie STAR the "others"
TryLad 3/31/2025 2:52 PM
No I'm not, I'm trying to keep my head out of this petty drama, because frankly, I just think its stupid
I don't think anyone should take a role demotion this seriously
its just a game
ykaugie STAR 3/31/2025 2:56 PM
alright
ill take your word
dont let me find out you are not truthful

And like, forget trying to talk to bro, he just egos every conversation. Ghosts every person, if it doesn't benefit him I feel like he just mutes the chat for an hour and repeats everytime you keep going he just does it again. The only people he even gives a time of day or doesn't ego is those he sees as friends. Which comes to the other point of this yapfest, what's up with his double standards? You do something he sees as wrong and he decides you deserve the death penalty. He sees one of his friends do it and it's brushed under the rug.

***I don’t really have much else to add on to this, there are plenty of examples of this being the case both before and after this testimony. It’s to be expected of him at this point.***

# Yetus

Hi. I'm sure most of you have never heard of me before, and that's because I'm sort of an outsider in this whole situation. I have absolutely nothing to do with Arcane Lineage. I have never played Arcane Lineage before. I haven't interacted with its community before. I had never heard of the game once before meeting Trylad. In reality, I shouldn't have ever known anything about Arcane Lineage itself, and to be honest I still don't to this day, at least in terms of the game itself. I don't know how long this section is going to turn out to be, but I want to give as much of my side of the story as I can. This is something that has dragged on for too long at this point. Let me make this clear before I begin: like Trylad, **I DON'T SUPPORT ANY HARASSMENT TOWARDS ANYBODY INVOLVED.** The last thing any of us want is for this to drag on further. And with that being said, I shall begin from the very start.

## Background: How I met Trylad

I met Trylad back on June 30th, 2025, where the current streamer I was watching raided him during his ToTL grind. If it were any other person or situation, I would have clicked off of his stream to move onto somebody else. I was deep into my GCoLS run (irrelevant to explain), and was desperate for background audio. I decided to stick around and listen in on the current conversation, about the current development team for Eternal Towers of Hell removing an area from the game with little to no explanation. During this one stream, I found something in him that I didn't really find in many other streamers that play these niche roblox games: passion. Trylad was passionate for both the game and its community. Because of this, I decided to return consistently. Every stream felt similar but new at the same time, giving that sort of "perfect streamer" vibe for me, someone who is consistently entertaining while not too energetic or "fake".

***Hi Yetus :3***

I'd want to be the one that you'd be willing to spend your life with, and to be with no matter what

But I don't know...you're different, out of everyone I've ever talked to...you're the only one that I've ever really felt a deep connectio with
And I don't know why...but I have a strong hunch that you have some kind of feelings for me as well
Things as subtle as the messages you send, the way you talk around me compared to everyone else, the way you react every time someone brought up the allegations
And I know you're very conflicted on how to feel, I get it...it's very hard to process all of th emotions that I'm sure you're probably feeling right now

I was socially isolated, locked in a room with no one to see and too much fear in my heart to ever leave and try to make friends
I was put into a specialized school with peopl who were literally mentally retarded just so I'd be unable to form connections with anyone and anything outside of my mother and what she conditioned me to believe
And it sucked
You know it's not easy to spend a whole decade of your life being tortured by the person that is supposed to be there and help you and provide for you
It hurts...
And well things didn't get much better when I left home either
I had formed so many bad habits and downright hated myself, I convinced myself that I'd never be able to love anyone, and I'd b forced to just exist...forever trying to break free from the chains my mother put around me
Hell, eventually I thought that the only choice I had for myself was to just...not exist anymor

Anyways I've gotta apologize for last night

I probably acted very immature in the grand scheme of things

I'm just not great at rejection

I've uh, never said anything like that to anyone before

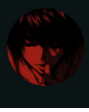
So I became very sad

I mean what I'm describing is probably very normal all things considered

But still

But I digress

We're still friends right? (Very dumb question I know, I just made things awkward lmao)



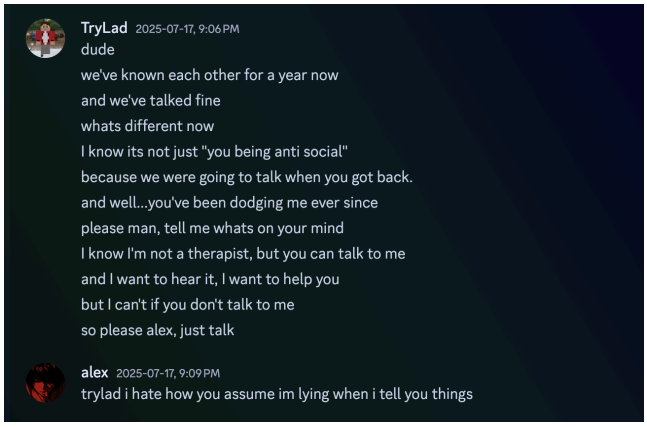
**alex** 2025-07-14, 9:44 AM

mhm it's fine!

July 16, 2025

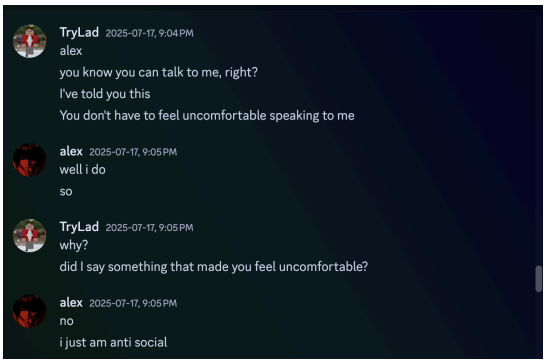
**TryLad** 2025-07-16, 7:24 PM

Hey man, listen. First off I'd like to apologize for how brash I came off with my confession. I've never really been able to tell anyone how I felt about them until I wrote you a couple days ago. And because I've never really said that to anyone before...i kinds just based it off of the only thing I knew, dumb TV shows. I also have to apologize for pressuring you to give a response so quickly, because this isn't a dumb TV show, you were and still are clearly conflicted on how to feel about things, and I can tell. You've given me 3 different responses on how you feel about things, every time I try and speak to you, you get scared and either deflect or leave the game. You can't bring yourself to speak to me in like...any way. It's the same pattern I saw when you were working through how you felt about Augie, and I should have at least learned a bit from the conversations you had with him. So here's what I'm asking of you, as your friend. Don't respond to this immediately, give yourself time to actually process how to feel and work through your conflicted emotions, hell, don't respond for a month if that's how long it takes. I also want you to talk to your therapist about this and show them all of the messages we've had, so you can work through it a bit better. And lastly, until you do, let's just go back to doing dumb shit, playing games and yapping about nonsense, because I don't want this to get in the way of us being able to hang out and have a good time. Because if it does, we both know it's just gonna make everyone involved in this more miserable.



**TryLad** 2025-07-17, 9:06 PM
dude
we've known each other for a year now
and we've talked fine
whats different now
I know its not just "you being anti social"
because we were going to talk when you got back.
and well...you've been dodging me ever since
please man, tell me whats on your mind
I know I'm not a therapist, but you can talk to me
and I want to hear it, I want to help you
but I can't if you don't talk to me
so please alex, just talk

**alex** 2025-07-17, 9:09 PM
trylad i hate how you assume im lying when i tell you things

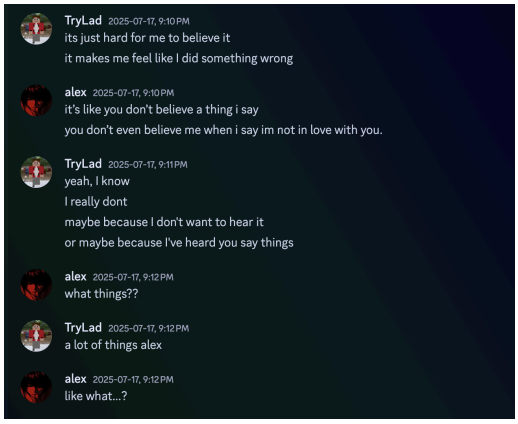


**TryLad** 2025-07-17, 9:04 PM
alex
you know you can talk to me, right?
I've told you this
You don't have to feel uncomfortable speaking to me

**alex** 2025-07-17, 9:05 PM
well i do
so

**TryLad** 2025-07-17, 9:05 PM
why?
did I say something that made you feel uncomfortable?

**alex** 2025-07-17, 9:05 PM
no
i just am anti social



**TryLad** 2025-07-17, 9:10 PM
its just hard for me to believe it
it makes me feel like I did something wrong

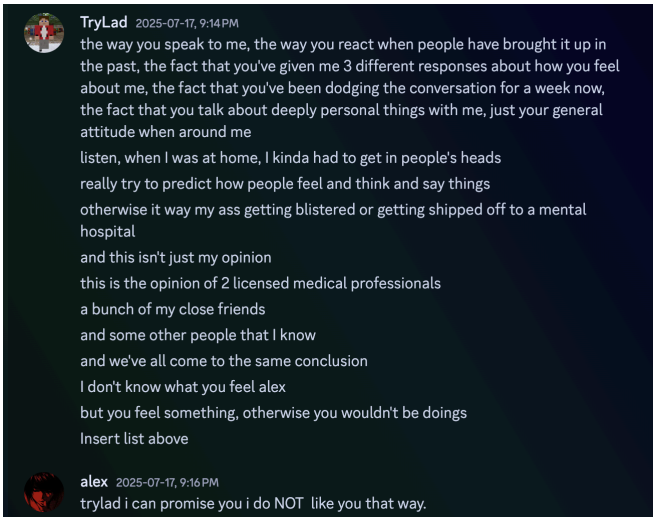
**alex** 2025-07-17, 9:10 PM
it's like you don't believe a thing i say
you don't even believe me when i say im not in love with you.

**TryLad** 2025-07-17, 9:11 PM
yeah, I know
I really dont
maybe because I don't want to hear it
or maybe because I've heard you say things

**alex** 2025-07-17, 9:12 PM
what things??

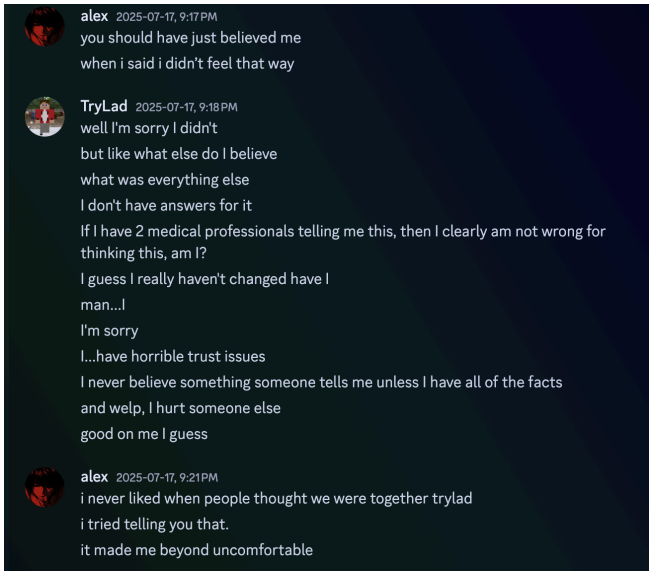
**TryLad** 2025-07-17, 9:12 PM
a lot of things alex

**alex** 2025-07-17, 9:12 PM
like what...?



**TryLad** 2025-07-17, 9:14 PM
the way you speak to me, the way you react when people have brought it up in the past, the fact that you've given me 3 different responses about how you feel about me, the fact that you've been dodging the conversation for a week now, the fact that you talk about deeply personal things with me, just your general attitude when around me
listen, when I was at home, I kinda had to get in people's heads
really try to predict how people feel and think and say things
otherwise it way my ass getting blistered or getting shipped off to a mental hospital
and this isn't just my opinion
this is the opinion of 2 licensed medical professionals
a bunch of my close friends
and some other people that I know
and we've all come to the same conclusion
I don't know what you feel alex
but you feel something, otherwise you wouldn't be doings
Insert list above

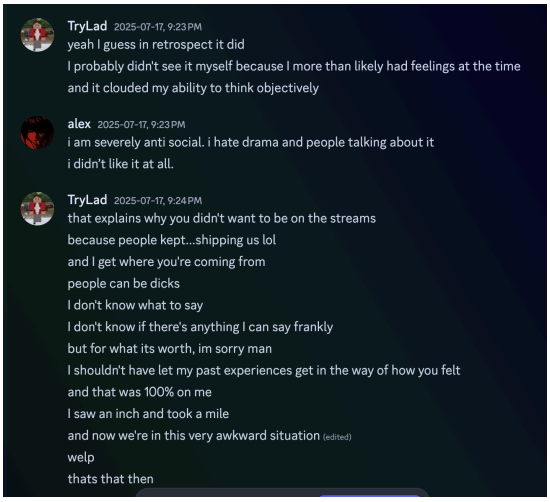
**alex** 2025-07-17, 9:16 PM
trylad i can promise you i do NOT like you that way.



**alex** 2025-07-17, 9:17 PM
you should have just believed me
when i said i didn't feel that way

**TryLad** 2025-07-17, 9:18 PM
well I'm sorry I didn't
but like what else do I believe
what was everything else
I don't have answers for it
If I have 2 medical professionals telling me this, then I clearly am not wrong for thinking this, am I?
I guess I really haven't changed have I
man...I
I'm sorry
I...have horrible trust issues
I never believe something someone tells me unless I have all of the facts
and welp, I hurt someone else
good on me I guess

**alex** 2025-07-17, 9:21 PM
i never liked when people thought we were together trylad
i tried telling you that.
it made me beyond uncomfortable

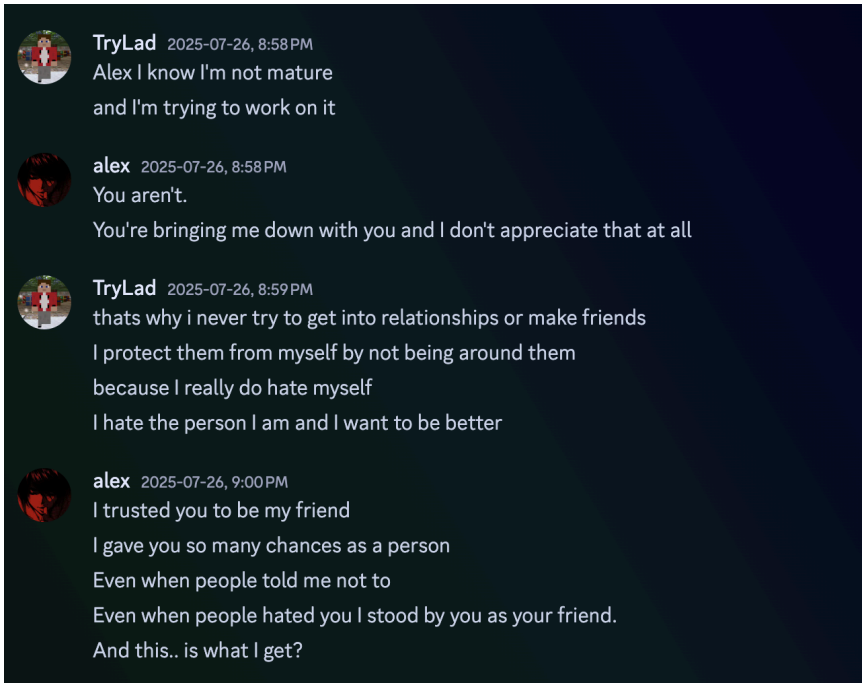


**TryLad** 2025-07-17, 9:23 PM
yeah I guess in retrospect it did
I probably didn't see it myself because I more than likely had feelings at the time and it clouded my ability to think objectively

**alex** 2025-07-17, 9:23 PM
i am severely anti social. i hate drama and people talking about it
i didn't like it at all.

**TryLad** 2025-07-17, 9:24 PM
that explains why you didn't want to be on the streams
because people kept...shipping us lol
and I get where you're coming from
people can be dicks
I don't know what to say
I don't know if there's anything I can say frankly
but for what its worth, im sorry man
I shouldn't have let my past experiences get in the way of how you felt
and that was 100% on me
I saw an inch and took a mile
and now we're in this very awkward situation (edited)
welp
thats that then

I'm sorry I didn't trust you. I should have known that you'd have no reason to lie to me, but idk for whatever reason I had it in my head that you had feelings for me. Truth is Alex, I do love you, but not really romantically, more so in a best friend kinda way. Only reason I went that route is because I thought you had feelings for me. Pretty sure I thought you did because everyone in my life kinda just...spawned in my head that you did. When I talked to my therapist last night she still tried to get me to believe that you had feelings for me, and at that point I kinda knew what I felt the way I felt.

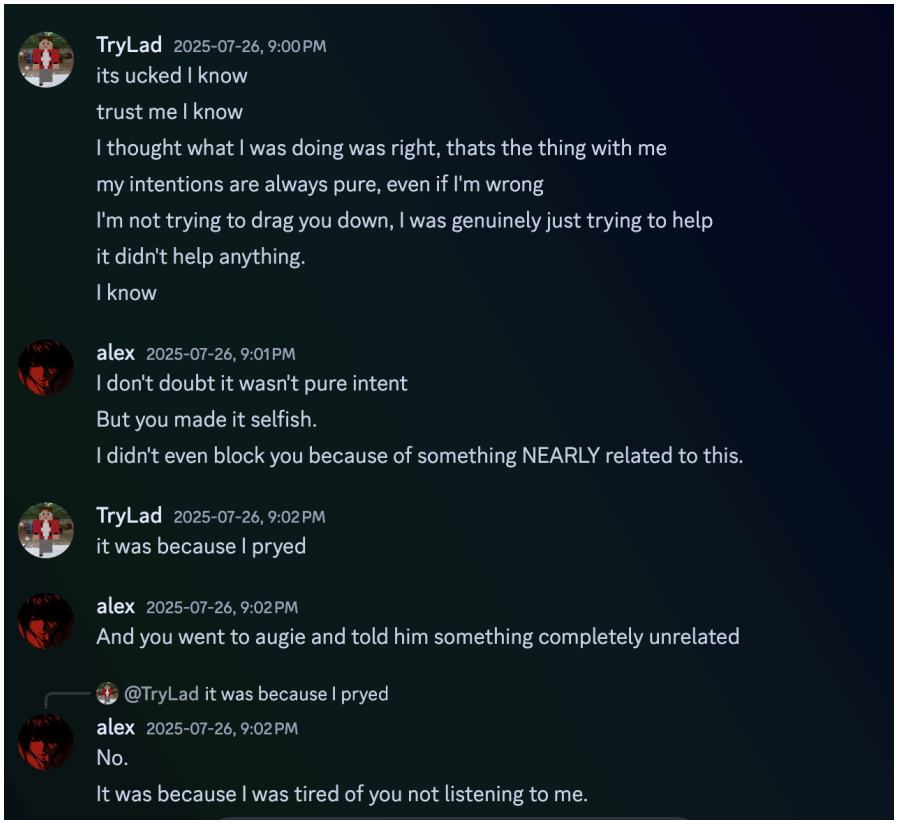


**TryLad** 2025-07-26, 8:58 PM
Alex I know I'm not mature
and I'm trying to work on it

**alex** 2025-07-26, 8:58 PM
You aren't.
You're bringing me down with you and I don't appreciate that at all

**TryLad** 2025-07-26, 8:59 PM
thats why i never try to get into relationships or make friends
I protect them from myself by not being around them
because I really do hate myself
I hate the person I am and I want to be better

**alex** 2025-07-26, 9:00 PM
I trusted you to be my friend
I gave you so many chances as a person
Even when people told me not to
Even when people hated you I stood by you as your friend.
And this.. is what I get?



**TryLad** 2025-07-26, 9:00 PM
its ucked I know
trust me I know
I thought what I was doing was right, thats the thing with me
my intentions are always pure, even if I'm wrong
I'm not trying to drag you down, I was genuinely just trying to help
it didn't help anything.
I know

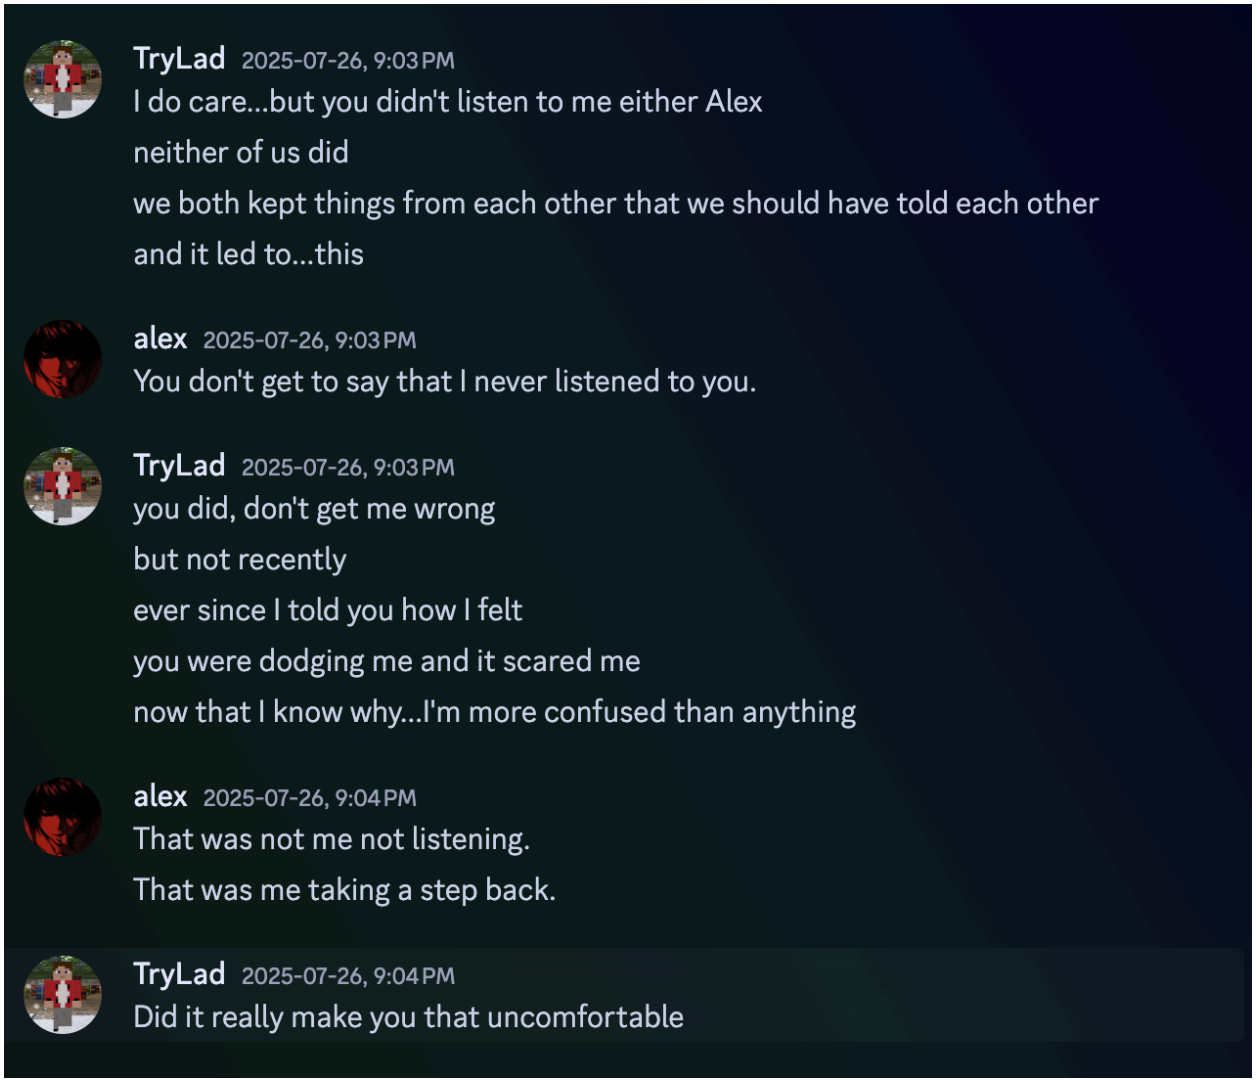
**alex** 2025-07-26, 9:01 PM
I don't doubt it wasn't pure intent
But you made it selfish.
I didn't even block you because of something NEARLY related to this.

**TryLad** 2025-07-26, 9:02 PM
it was because I pryed

**alex** 2025-07-26, 9:02 PM
And you went to augie and told him something completely unrelated

> @TryLad it was because I pryed

**alex** 2025-07-26, 9:02 PM
No.
It was because I was tired of you not listening to me.



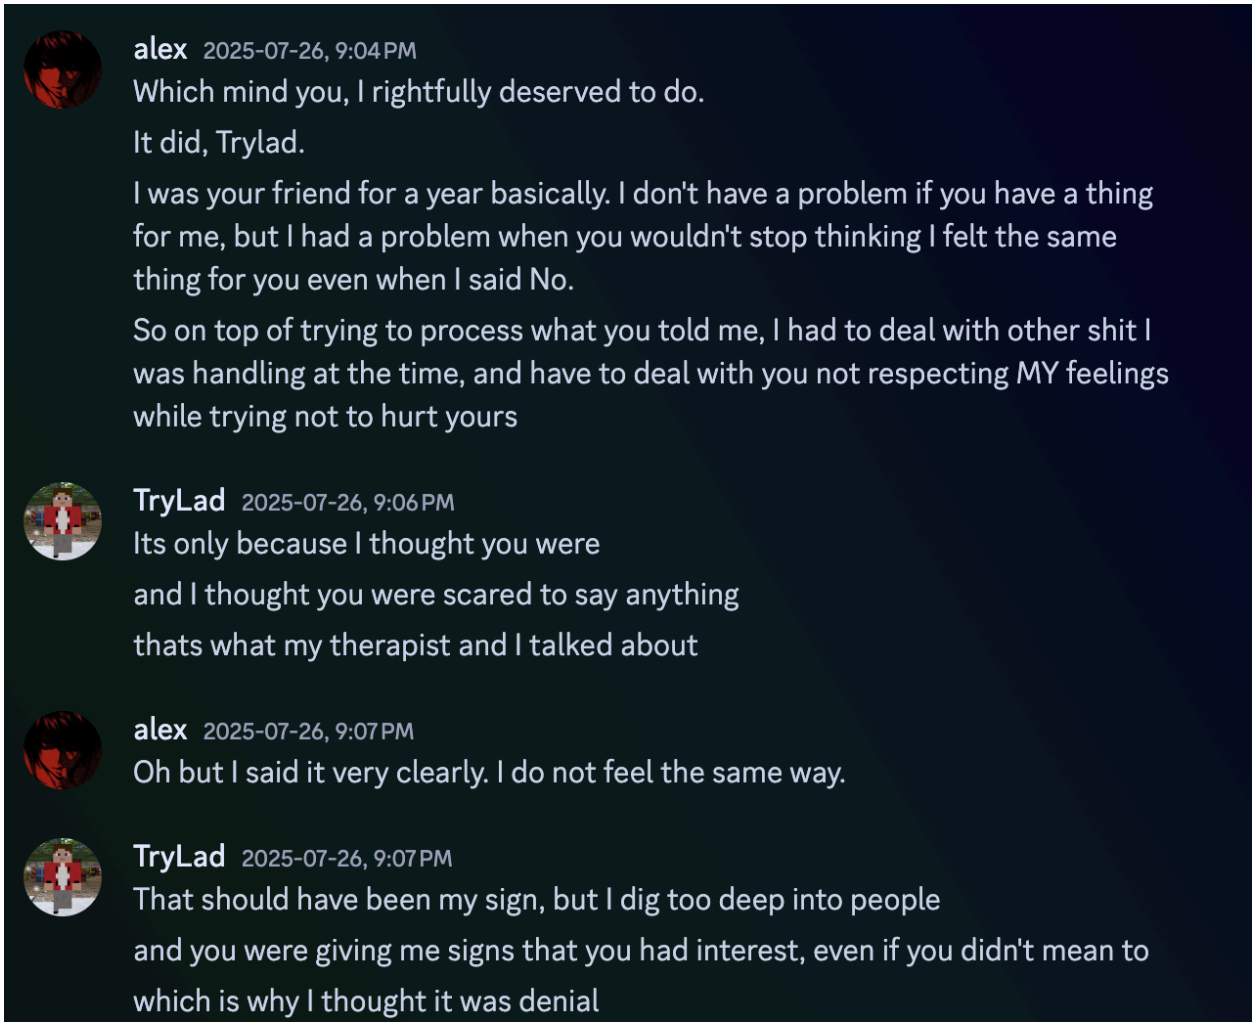
**TryLad** 2025-07-26, 9:03 PM
I do care...but you didn't listen to me either Alex
neither of us did
we both kept things from each other that we should have told each other
and it led to...this

**alex** 2025-07-26, 9:03 PM
You don't get to say that I never listened to you.

**TryLad** 2025-07-26, 9:03 PM
you did, don't get me wrong
but not recently
ever since I told you how I felt
you were dodging me and it scared me
now that I know why...I'm more confused than anything

**alex** 2025-07-26, 9:04 PM
That was not me not listening.
That was me taking a step back.

**TryLad** 2025-07-26, 9:04 PM
Did it really make you that uncomfortable

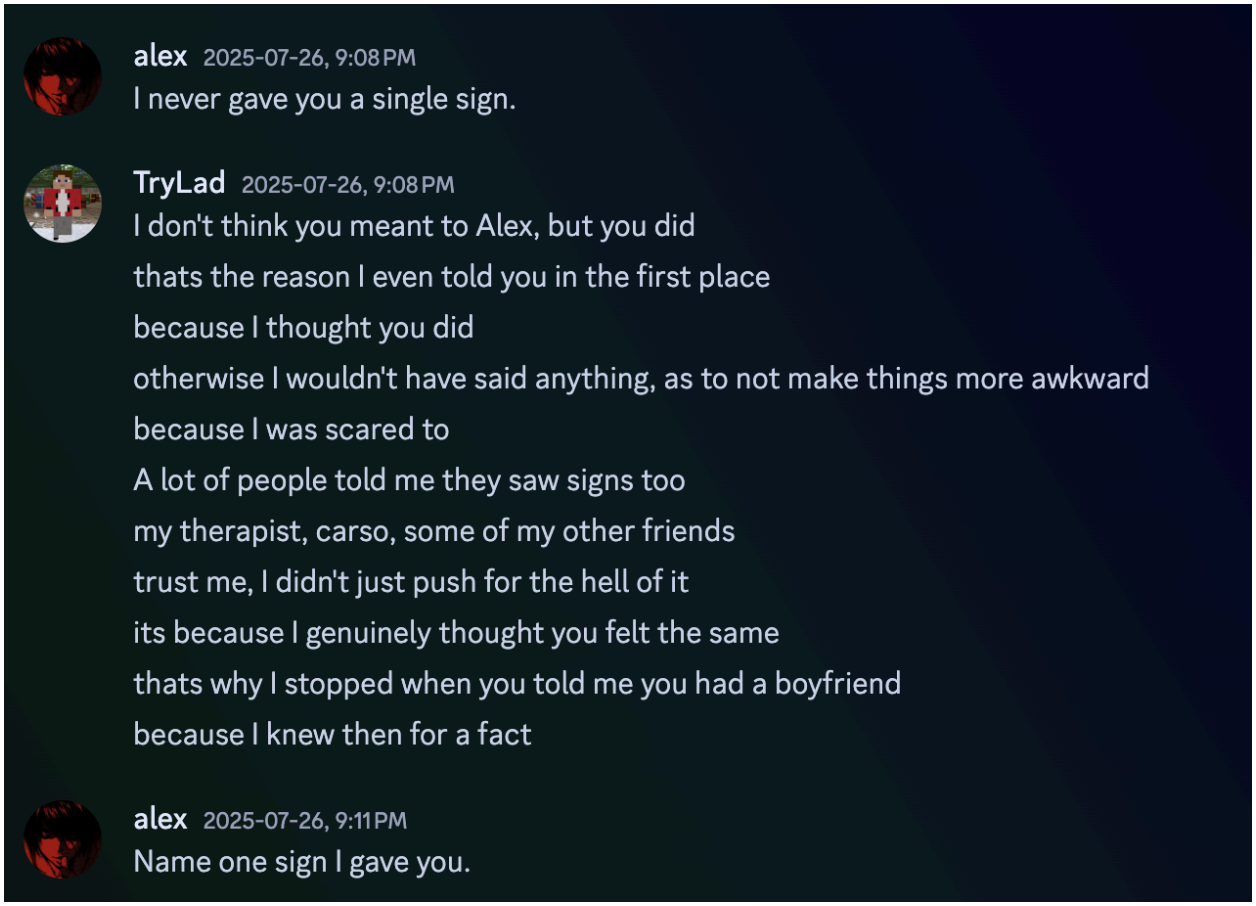


**alex** 2025-07-26, 9:04 PM
Which mind you, I rightfully deserved to do.
It did, Trylad.
I was your friend for a year basically. I don't have a problem if you have a thing for me, but I had a problem when you wouldn't stop thinking I felt the same thing for you even when I said No.
So on top of trying to process what you told me, I had to deal with other shit I was handling at the time, and have to deal with you not respecting MY feelings while trying not to hurt yours

**TryLad** 2025-07-26, 9:06 PM
Its only because I thought you were
and I thought you were scared to say anything
thats what my therapist and I talked about

**alex** 2025-07-26, 9:07 PM
Oh but I said it very clearly. I do not feel the same way.

**TryLad** 2025-07-26, 9:07 PM
That should have been my sign, but I dig too deep into people
and you were giving me signs that you had interest, even if you didn't mean to
which is why I thought it was denial



alex 2025-07-26, 9:08 PM
I never gave you a single sign.
TryLad 2025-07-26, 9:08 PM
I don't think you meant to Alex, but you did
thats the reason I even told you in the first place
because I thought you did
otherwise I wouldn't have said anything, as to not make things more awkward
because I was scared to
A lot of people told me they saw signs too
my therapist, carso, some of my other friends
trust me, I didn't just push for the hell of it
its because I genuinely thought you felt the same
thats why I stopped when you told me you had a boyfriend
because I knew then for a fact

I also just freezed in the moment cus like he was yelling at me then he raged at me and that was really not a side I thought I would see of him.. quite traumatizing I can still remember the things he screamed at me about and the things he said. So uh yeah I've never had anyone get that mad at me for a long time but also all I ever did was die because trylad "respects the 1's" and so I kind of assumed that was what was happening and yk it just all went very badly and now he doesn't want to play it with me ever again and I don't think i'll ever speak with him again because wow that hurt .....

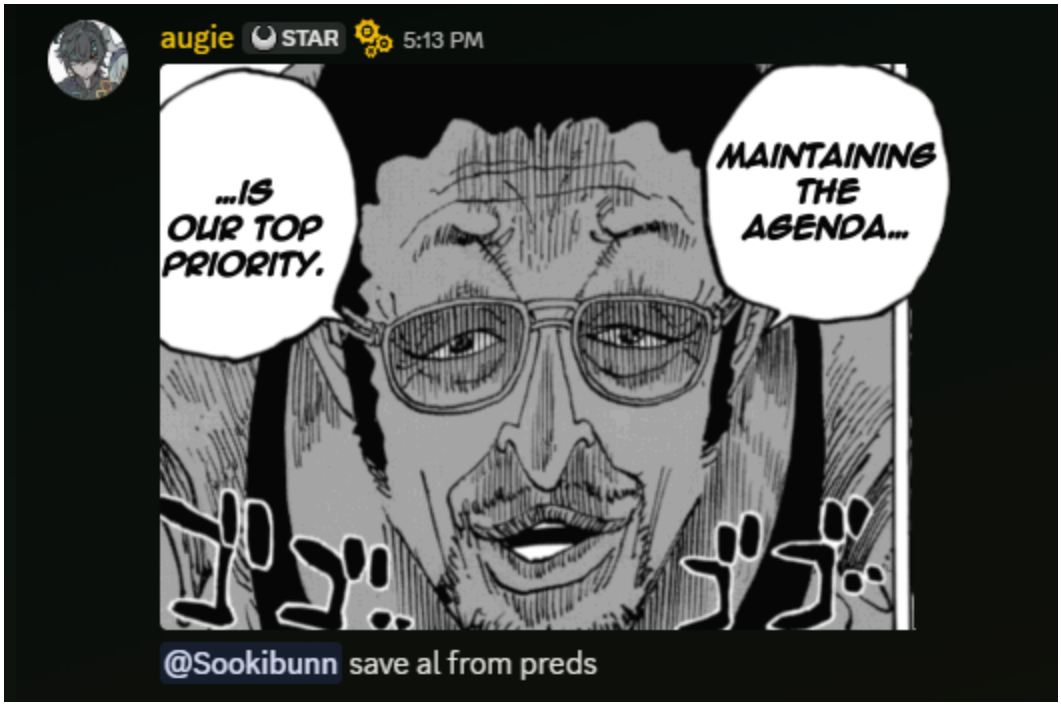
@Sookibunn can we know the truth about trylad? (edited)



@Yume Chuu STAR I'm not here to count the abuse, I didn't mention any abuse and frankly I'm not here to talk about your experiences with such. I only asked you what you think...

**TryLad** 8/18/2025 1:12 AM

I don't make judgements for no reason, especially when I know how you really feel about the whole thing. Again you can feel however you want, it really doesn't bother me. What bothers me is when people come to me and start harassing me in DMs calling me diddy and acting like an actual infant (not you btw). And I mean with how much Augie has propped this up as a group decision, what else am I supposed to believe. When i see shit like this, how am I supposed to not think that you don't think I was being predatory?

I have nothing against anyone, but this has gone beyond what I believe it should have

not everyone was gonna be on the same page and I get that

All I asked is for things to be civil and it reignited a fire

**Yume Chuu** STAR 8/18/2025 1:27 AM

I do think you are a predator. You are the adult, you need to be the responsible one. I'm sure you've seen how many times I've said this to Mator. I still think the same. It is your responsibility to maintain a platonic relationship with a friend that is a minor, not develop feelings and break the trust of your friendship.

You mentioned that you're friends for years, isn't that essentially grooming if you eventually harbor feelings and then confess knowing they are still a minor?

To you this may not be a big deal, to you it might a small age gap, but that doesn't change anything and it doesn't make it any better or even right in any way.

You are open to the whole thing, but what kind of information are you giving out? Only selected information? I don't know Trylad.

You can't blame me for feeling this way, I'm an adult and as a fellow adult, I feel responsible and affected because I care for the community. It's not about personal feelings, it's about the people as a whole.

Just because there's a group of people dislike you before and now still do, doesn't change the fact that you acted upon yourself and made this situation happen. This is simply the consequences of your actions, those people just happen to be the same people who did not favor you much, and now even worse after what they know about what happened.

Honestly trylad, I was beyond disbelief when I heard about this. Not in a single million years would I have thought I'd come back to this information, I never saw you as this type of person. And I keep telling everyone this that I had developed a soft spot for you long time ago, back when I was still active. With a heavy heart, I'm talking to you and facing you as you are now.

No one thinks I am
Except you goobers
And I truthfully mean that
Yume Chuu STAR 8/18/2025 12:54 AM
So you think it's right to confess to a minor then
TryLad 8/18/2025 12:55 AM
Yume there's a very big difference between being 19 and confessing to a 17 year old that you've known for years than being a random 22 year old going on Roblox to groom people
I don't understand how you don't see that
I'm not grooming anyone, I'm open about the whole thing and literally no one outside of ad Astra thinks anything of this
Including your boss btw
Who wants this shit to stop
If you wanna have a negative opinion of me, go for it, I genuinely couldn't give less of a fuck what you and Augie think of me
You're not part of my real life, you're not part of my social circle idc
I'll reiterate
I didn't do anything wrong
No one except the ad Astra goobers thing I was wrong
The same people who already didn't like me to begin with
And this is just childish by the way

do you even know what grooming means?

matt 7/20/2025 7:48 PM
i never EVER forced him or BUILT a relationship with him to ABUSE (in anyway) or to MANIPULATE (in anyway) him. i never ONCE made him do or send something against his own fucking will. don't start spreading shit because YOU didn't get into a relationship with alex
Grooming is when a person builds a relationship with a child, young person or an adult who's at risk so they can abuse them and manipulate them into doing things.
The abuse is usually sexual or financial, but it can also include other illegal acts.
this is fucking insane grow the fuck up.

Ur insane
Ur jealoud
And ur a dumb fucking asshole who doesnt know shit abt anything

**TryLad** 7/20/2025 7:53 PM
Maybe I am, but thats not why I did what I did, I did it because I genuinely thought that something was going to happen do him, I told him and everyone else I knew this, the whole day at work I talked about this, my boss and all of my coworkers said the same thing, all of my friends said the same thing, I looked at it objectively and made a conclusion based on the evidence that I saw
I should have confronted him first before anything, I admit that
but I was scared to see how he'd react
and well, that fear was justified

**matt** 7/20/2025 7:54 PM

Thinking about yourself instead of thinking about how UR actions affected alex
Tell all the fucking people you told i was grooming him its not true

TryLad 7/20/2025 7:57 PM
The whole reason I did what I did is because I cared about alex. I was very well aware that what I was about to do would likely ruin things between us, but I didn't care, because I wanted to make sure he was safe. I wouldn't be able to live with myself if he was stuck in a relationship that he couldn't consent to. I had to go through the same shit myself as a kid, 10 years of emotional and physical torment. I couldn't bear to think of it happening to him too
the ONLY thing that was on my mind was ALEX
I really care about the guy, you know this
I was trying to do the right thing, and make things right
whenever I see something like this it just scares me
to think about someone I care about to have to go through the same shit I did
It fucked with me
could have I done things differently, absolutely, but I was scared
scared that I'd regret not doing something

From this conversation, I feel like you're here to rectify Trylads punishment, which was already uplifted by Nile because he thinks it's like his. Which I disagree.
If you ask me on a deeper level, I don't think it's wrong for Augie to take appropriate action after finding out, that Trylad confessed to a MINOR. Regardless of whether they are close in age, he is STILL THE ADULT in this situation, in which, he should know better.
Essentially, the minor engaging a relationship with another adult is beyond us, because that person is not within our community and it's none of our goddamn business. Not saying it's right, if be completely against it as well, but it's not something I/We should be involved in.

which yes true its weird but legally canada allows this if both consent but yeah nah

its weird in general

because you're 19 pushing 20

they are 17 not 18 yet

so thats why

Sometimes for no reason, yes. I can't lie about that, Carl logs says all even then so does audit log.

@Sookibunn STAR how about when both cms said they disliked you , you dismissed it and said they dislik...

TryLad45682 12:45 AM

I know for a fact augie disliked me long before this, as for yume I'm unclear. As for yume I'm unsure but I know she's associated, but I'm not putting words in her mouth. this started long before the whole alex shit came out, I've heard it from his friends. And the whole community isn't hating, its you niko and the two cms, maybe there are more but I a haven't seen them. And no a 19 year old and a 17 year old being in a relationship is not being weird, that's like saying a junior and a senior in high school are dating. And if you think it is, good for you, I really don't give a fuck. The therapist thing also isn't a bit, I've been told that I could take this to court. You're quite literally taking out of context screenshots and backing your whole argument as to "why I'm a groomer", when the messages before and after that fact never show me doing literally anything that can be taken as grooming. I don't even think you know what the fucking word means, in my eyes you're just trying to justify your hatred for me, that you've had since day 1.
